

## Legislative COVID-19 Response Commission – Action Order #2 COVID-19 Flexible Response Account – FY 2022

The Minnesota Legislature created the COVID-19 Flexible Response Account and appropriated \$425 million in the fund to the commissioner of management and budget to pay expenditures eligible under federal guidance for the state fiscal recovery fund. Upon submission of the request, the commission has three days to make a positive recommendation, a negative recommendation, or no recommendation on a proposed expenditure.

If a majority of members from the senate and a majority of members from the house of representatives make a negative recommendation on a proposed expenditure, the commissioner is prohibited from expending the money. If a majority of the commission members from the senate or a majority of members from the house of representatives make a positive recommendation or no recommendation, the commissioner may expend the money.

On **August 3, 2021**, the commissioner submitted the following proposed expenditure request:

- ***Positive recommendation to allow spending of \$13,800,000 for vaccine incentives.***

The requisite number of commission members having provided a positive recommendation, I hereby authorize \$13,800,000 from the COVID-19 Flexible Response Account to the Minnesota Department of Health to award grants to organizations addressing the rise in violence and associated administrative costs.
