PURPOSE

The Board of Barber Examiners was originally established in 1897 to regulate the practice of barbering. The mission of the Board of Barber Examiners is to promote public health and safety by ensuring that barbers are appropriately trained and demonstrate the skills necessary to conduct barber services in a safe, sanitary environment and use appropriate disinfection procedures to avoid injury and the spread of disease.

Historical Spending

Source: Consolidated Fund Statement

The Board receives a direct appropriation from the general fund for all operating expenses. For the FY24-25 biennium, the Board's appropriation is \$894,000 for the biennium. All revenue received by the Board is deposited in the general fund as non-dedicated receipts.

STRATEGIES

The Board of Barber Examiners contributes to helping keep people in Minnesota safe by setting standards of practice and infection control standards for barber services. Barbers are required to meet these minimum standards to be registered in Minnesota and are evaluated by examination and/or assessment of their barbering credentials. The infection control standards are in place to reduce the potential of injury or the spread of disease through barbering. Barber shops and schools are inspected regularly to assure that barbers practice the appropriate infection control procedures and provide services in safe environments. The Board is an active participant in the National Association of Barber Boards of America (NABBA). As a NABBA member the Board remains informed about emerging educational, examination, and infection control standards. In addition to setting the standards, assuring appropriate training, and inspecting barber establishments, the Board conducts investigations and disciplines barbers within the jurisdiction granted in Minnesota Statutes and Rules.

The Board provides efficient and accountable government services through courteous and responsive customer interactions. Board staff respond to applications as they are received, and completed applications are promptly processed. It is an expectation that phone calls and e-mail inquiries be answered or promptly returned. Board staff are available to provide information and assistance in person, by phone, or via email.
