Tuesday, November 17 from 11:00am-12:00pm	The Department of Health's Office of Internal Audit and Assessments (OIAA) team will discuss how to diagnose and treat both vulnerabilities and symptoms to build a healthier, fraud-resistant environment across our agencies. The OIAA will cover fraud considerations across the grant cycle. It begins with an understanding of the anatomy of fraud at the outset and embedding equity and clear expectations during program design. As work moves into the application and award stages, professional skepticism and thoughtful questions come into play. Finally, OIAA will cover the importance of regular program checkups via monitoring, and how to move beyond just treating symptoms to treating the root causes of issues. Thank you MDH for hosting this event!	Fraud Awareness and Prevention Week Presentation: MDH* *This session will be held as a Microsoft Teams meeting. If you're having trouble adding this session to your calendar, here is a document that contains guidance to help: Troubleshooting Meeting Link Issues in Outlook
Tuesday, November 17 from 2:00-3:00pm	The Department of Administration's Office of Grants Management will share insights on common fraud risks and red flags in grant programs, explain how internal controls can help prevent and detect fraud, and share some real-world examples to bring these concepts to life.	Fraud Awareness and Prevention Week Presentation: OGM
Wednesday, November 18 from 9:00-10:00am	The Department of Commerce's Senior Fraud Team will share practical tips for recognizing and preventing financial exploitation targeting older and vulnerable Minnesotans. You will learn about common scams, warning signs, and actions you can take to protect yourself, family, friends, and community. The presentation will also provide an overview of the Minnesota Safe Seniors Financial Protection Act and the role the Commerce Department plays in disrupting financial fraud.
