

2017 SEGIP dental insurance information

New Dental Rates for 2017

Your current dental plan under the State Employee Group Insurance Program (SEGIP) will continue to provide your coverage during 2017. However, the premium rates you pay for your current dental insurance will increase as of January 1, 2017.

The table below shows the 2017 monthly rates that will be charged by the participating SEGIP dental carriers. Both the State Dental Plan (Delta Dental) and the HealthPartners State of Minnesota Dental Plan will increase by 13.5%. We recommend that you review the table to learn what your dental coverage will cost in 2017. Please update any direct bill pay arrangements you have with your bank or credit card, since paying the incorrect premium in the new plan year will result in cancellation.

Dental Plan	Monthly retiree/former employee rate	Monthly family rate	Monthly surviving dependent only rate
HealthPartners State of MN Dental Plan	33.70	99.70	33.70
State Dental Plan (Delta Dental)	33.70	99.70	33.70

Check Availability of Providers

Although you cannot change your dental plan carrier for 2017, it is important to check whether your dentist will be included in your plan's provider network during the 2017 insurance year. The new [SEGIP Website](#) has links to the provider directories for our dental carriers. To access, click on the "2017 Open Enrollment" tab on the SEGIP page or call your carrier's customer service phone number. Dentists may be added or leave the network any time during the year. It is important to check their participation by calling the customer service number on the back of your card.
