LinkedIn Learning Sub-Administrator Directory

Use the LinkedIn Learning Sub-Administrator Directory to find your organization's sub-administrator (sub-admin) and their contact information. LinkedIn Learning requires a license to use the program. Your sub-admin can help you get a license and answer questions about the program.

If you don't see your organization listed, it does not currently participate in the enterprise LinkedIn Learning program. You can contact your human resources team or your learning and development team for help.
