

ASSISTANT RESIDENTIAL FACILITY ADMINISTRATOR, SENIOR

KIND OF WORK

Managerial work directing the management support and fiscal functions of a large residential facility. Directs overall facility operations in the absence of the Chief Executive Officer.

NATURE AND PURPOSE

Under administrative direction of the Chief Executive Officer, directs the overall provision of budget and management support services to ensure quality services to persons residing in a state residential facility or nursing home. When the Chief Executive Officer is required to be away from the facility because of involvement in departmental or community issues, the incumbent has delegated responsibility for the overall operation of the facility.

This class differs from the class Assistant Residential Facility Administrator in complexity and span of control. At the senior level, employees will be accountable for program services to all clients/ residents in addition to the facility's management support and fiscal services during the absence of the Chief Executive Officer. Directing overall facility operations will require a significant percentage of total work time.

EXAMPLES OF WORK (A position may not include all the work examples given, nor does the list include all that may be assigned.)

Coordinate development and monitor the overall Residential Facility Management strategic plan of services to ensure that fiscal and physical plant resources are available and each client/resident participates in an individualized program of services which is focused on assessed needs and integrated with a daily living routine. This is accomplished by identifying service needs and developing and implementing plans and budgets to meet those needs.

Propose and administer the facility's budget based on projected client needs so that the program objectives are met in a timely and efficient manner within fiscal resources by: reviewing and comparing cost and service information, and adjusting the program to fiscal and human resources.
