

## IRRR FACILITIES RESOURCE WORKER

### KIND OF WORK

Seasonal service work which includes operation of machinery.

### NATURE AND PURPOSE

Under general supervision, performs a variety of semi-skilled trades, maintenance and operation services work so that IRRR facilities operate smoothly; performs related work as required. Work assignments are distinct by season; incumbents perform duties in one or a combination of the IRRR facilities (Giants Ridge, IRRR Chisholm Office, etc.)

EXAMPLES OF WORK (A position may not include all the work examples given, nor does the list include all that may be assigned.)

Operates snow making and grooming equipment so that ski trails are in good condition using snow making equipment and track snow grooming dozers and attachments.

Operates chair lifts, high speed lift, and surface lift at Giants Ridge Recreational Facility by monitoring lift access and operation, enforcing safety rules, inspecting the lifts, and communicating problems to the General Repair Worker.

Repairs and adjusts equipment and maintains facilities of IRRR in preparation for daily operations by servicing grooming equipment, snowmaking equipment and lifts, fixing minor mechanical and electrical problems, cutting brush, removing debris, and refurbishing buildings.

Cuts brush and trees so that IRRR facilities are maintained and other projects can be accomplished by using bulldozers, a one ton dump truck, brushing equipment, chainsaws, and other equipment.

### KNOWLEDGE, SKILLS AND ABILITIES REQUIRED

Knowledge of:

IRRR programs sufficient to be able to perform duties at various locations.

The methods, materials, and tools used in carpentry, electrical, and mechanical work sufficient to make minor equipment repairs and adjustments.

Snowgrooming procedures, lifts, and snowmaking equipment and processes sufficient to insure that the ski slopes are in good condition.

Ability to:

Operate motorized equipment such as tractors, backhoes, forklifts, snow guns, snow groomers, tree moving equipment (Vermeer), and chainsaws.

Work in the field with limited supervision.

Lift heavy objects such as attachments for snow grooming equipment, fencing, small trees, lumber, audio visual equipment, chainsaws, etc.

#### SPECIAL WORKING CONDITIONS

Work is primarily outside, sometimes in extreme weather conditions (summer and winter). Lights and chairlift maintenance require working 30 feet from the ground.
