

One Minnesota Plan

2023-2027

Building Blocks

Mission - Improve the lives of all Minnesotans by working collaboratively to implement policies that achieve results.

Vision - Minnesota is the best state in the country for children to grow up in – those of all races, ethnicities, religions, economic statuses, gender identities, sexual orientations, disabilities, and zip codes.

Priorities - Minnesota does best when state agencies and community partners collaborate to achieve common goals. We will work together to solve problems in particular in the key priority areas below. In all of our work, we will seek to end discrimination and eliminate disparities for people of color and Indigenous community members, women, members of the LGBTQIA+ community, people with disabilities, immigrants, and people in all zip codes and of all economic statuses:

- Children and Families
- Thriving Communities, Housing, and Workforce
- Healthy Minnesotans
- Equity and Inclusion
- Minnesota's Environment
- Fiscal Accountability, Customer Experience, and Measurable Results

Guiding Principles

- Practice servant leadership
- Treat everyone with respect and dignity
- Do the right thing, especially when it is difficult
- Ask how your actions are reinforcing or removing structural inequity
- Promote the common good over narrow special interests
- Be accessible, transparent, and accountable
- Include voices from communities who will be most impacted
- Bring people together across lines of difference
