Open Enrollment for Retirees

Open Enrollment is held from October 28 - November 17, 2021.

Retirees may change carriers.

• The BlueCross BlueShield Coordinated Plan premiums will remain unchanged (0% increase).
• HealthPartners Group Solution Plan will increase by 4.0%
• UCare Medicare Group premiums will decrease by 1.4%.
• The Minnesota Advantage Plan premiums will increase by 3%.

Steps for a successful Open Enrollment

• Review the information in this booklet.
  Changes in the Minnesota Advantage Plan and Senior Plans for plan year 2022 are highlighted in this booklet and posted on the SEGIp website available at: mn.gov/mmb/segip.

• Review the plan availability in this booklet on page 8.
  This tells you which health plans are available to you. You may choose any plan available in the county in which you live.

• Review the 2022 insurance rate table on page 9 of this booklet.
  It lists the premium costs for each of the state’s health plans. It also shows how premiums are combined for retirees and spouses under and over age 65. Please take note of the change for retirees who attain age 65 and move into the Senior Plan and have a spouse remaining in the MN Advantage Plan.

• Check your Advantage Health Plan Primary Care Clinic (PCC) to ensure participation for Plan year 2022. Some clinics have changed cost levels.
  There are changes in Primary Care Clinic cost levels for the Minnesota Advantage Health Plan. The same clinic may be listed as a different cost level depending on the carrier selected. The 2022 Clinic Directory is available on the SEGIp website at: mn.gov/mmb/segip. To access, click on the “Open Enrollment” tab. If you want to keep your current health carrier, but change clinics, call your carrier using the phone number listed on page 23 of this booklet. If you want to change from one carrier to another, you must complete and return both an Open Enrollment form and a Disenrollment form at the back of this booklet by November 17, 2021.

• Complete and mail your applications if you want to make changes.
  Complete the Enrollment and Disenrollment forms in this booklet and mail them to the appropriate carrier listed on page 23. If enrolling in Senior Plans, you will receive additional enrollment forms from your new carrier at your home address. These must also be completed and returned to your new carrier as quickly as possible (prior to December 31, 2021). If your Senior Plan Forms are not received prior to December 31, 2021 you will not have coverage on January 1, 2022.

  Open Enrollment applications must be postmarked by November 17, 2021.

If you do not want to make changes, you do not have to complete applications.
Gathering Open Enrollment Information

- **Retiree meetings.** Retiree Open Enrollment WebEx meetings will be held October 27 and 28, and on the following week, on November 2 and 3, 2021 (see times listed on page 23). All meetings will be held on WebEx and can be accessed by going to the SEGIP Open Enrollment page here: [mn.gov/mmb/segip](http://mn.gov/mmb/segip). Details about the retiree WebEx meetings can also be found on the Minnesota Retired State Employees Association (MRSEA) website at: [www.mrsea.org](http://www.mrsea.org). To attend and join a WebEx meeting, click on the link provided on the SEGIP website for the meeting you wish to attend.

- **Via the Internet.** The SEGIP website is: [mn.gov/mmb/segip](http://mn.gov/mmb/segip). This site has a special Open Enrollment tab. The SEGIP website provides links to the provider directories published by the three Minnesota Advantage Health Plan carriers: BlueCross BlueShield, HealthPartners, and PreferredOne. A list of participating doctors and clinics, accessible through the Minnesota Advantage Health Plan, is available to help you make your Primary Care Clinic (PCC) selection. This list also includes the PCC’s number you need to write on your form to enroll. Each carrier has a unique number for the PCCs. To access, click on the “Open Enrollment” tab.

- **Via the phone.** You may call the carriers directly if you have questions. Each health insurance carrier will provide a list of its participating clinics specific to your area and clinic numbers for MN Advantage Health Plan. BlueCross BlueShield Coordinated Plan, HealthPartners Medicare Group Solution, and the UCare Medicare Group, will provide directories for the plans to members age 65 and over. The carriers’ phone numbers are listed on page 23 of this booklet.

- **SEGIP’s Open Enrollment Service Center.** For answers to questions about rates, eligibility, and coverage or for help with enrollment issues, call SEGIP’s Open Enrollment Service Center through November 17, 2021. SEGIP representatives are available Monday through Friday from 7:00 a.m. to 4:00 p.m. Offices will be closed Thursday, November 11, 2021 in observance of Veterans’ Holiday. Call 651-355-0100, or 1-800-664-3597 in greater Minnesota. Members with hearing or speech disabilities may contact SEGIP via their preferred telecommunications relay service.
An overview of your health benefits

As a state retiree, you and your eligible dependents receive health insurance benefits through the State Employee Group Insurance Program (SEGIP).

Open Enrollment will be held from October 28 – November 17, 2021. This booklet is designed to help you make decisions about the SEGIP health benefits that you will receive during the next plan year. Use it to learn about the Minnesota Advantage Health Plan design. Changes in the Advantage Plan, Senior Plans, and costs which may impact your selection of health plans are listed in this booklet. After Open Enrollment, you are encouraged to keep this booklet as a reference guide. Use it in conjunction with your Plan Summary or Certificate of Coverage to gain a greater understanding of your benefits.

SEGIP, will host four WebEx meetings for retirees. Check the front cover or page 24 of this booklet for dates and times. **You do not need to pre-register to attend a retiree WebEx meeting.** Retiree WebEx meetings are also listed on the SEGIP website at: mn.gov/mmb/segip and the MRSEA website at: www.mrsea.org.

Medicare Part D (Prescription Drug Coverage)

**CAUTION:** Members enrolling in the age 65 and over plans (Senior Plans) should **NOT** apply for or purchase Medicare Part D from another Part D carrier for prescription drug coverage. Enrolling in Part D with an insurance company that is different from your SEGIP group carrier will terminate participation in the SEGIP Senior Plans. As you approach age 65, Medicare beneficiaries will see marketing materials from several different insurance companies and pharmacies offering prescription coverage. If you purchase that coverage, you will **permanently lose** medical insurance coverage in the state’s retiree group!

- If you attain age 65 and enroll in Medicare Parts A and B while you are participating in SEGIP as a retiree, your enrollment in Medicare Part D will be handled by enrolling with your carrier’s Senior Plan (BlueCross BlueShield participants enroll in the Coordinated Plan, HealthPartners participants enroll in HealthPartners Medicare Group Solution and PreferredOne participants enroll in UCare Medicare Group).

  Retirees under age 65 in the Minnesota Advantage Health Plan have existing prescription drug coverage that, on average, is as good as, if not better than Medicare Part D. This is important. It ensures that you will not be penalized with a higher premium or Part D penalty if you join a Medicare prescription plan after Medicare Part D was first made available to you. A disclosure is available on the SEGIP website.

- **SEGIP Plan Benefit:** The pharmacy benefit of the Senior Plans will include and coordinate with Medicare Part D. Participants in the Senior Plans do not pay a separate Part D premium to Medicare (unless your income is above a certain level as determined by Medicare) or to a Part D carrier. The Medicare Part D benefit and premium are built into the premium paid directly to BlueCross BlueShield Coordinated Plan, HealthPartners Medicare Group Solution, and UCare Medicare Group.

  **Enrollment:** New members to any of the Senior Plans that coordinate with Medicare must immediately complete the Senior Plan’s enrollment form and Medicare Part D form sent to their home address by the carrier. Participants who turn 65 during the year and continue coverage in SEGIP must also complete and return both the Senior Plan enrollment form and the Medicare Part D form prior to the month in which they turn 65 to ensure timely coverage upon turning age 65.
**Premiums**

The 2022 premiums will change:

- 3.0% increase for the Minnesota Advantage Health Plan.
- 1.4% decrease for UCare Medicare Group to $350.00 per month.
- 4% increase for the HealthPartners Medicare Group Solution to $325.60 per month.
- 0% change for BlueCross BlueShield Coordinated Plan remains the same at $355.00 per month.

Remember to update your auto payment amounts through your bank. Likewise, you may also provide updated monthly premium amounts to MSRS, if you have a monthly reimbursement deposited to your bank account.

**What’s New – Minnesota Advantage Health Plan**

The Minnesota Advantage Health Plan will begin covering 3-D imaged mammograms like the standard image (X-ray) mammograms beginning plan year 2022. This will allow for greater access in areas of Minnesota where standard mammography is unavailable.

Emergency care will no longer be subject to the annual deductible. A flat copay replaces the current deductible and copay structure. Participants in Cost Level 1 clinics will have a $100 copay, Cost Level 2 participants a $125 copay, Cost Level 3 a $150 copay, and Cost Level 4 a $350 copay, all without satisfying the annual deductible.

The Minnesota Advantage Health Plan will also cover one additional preventative eye exam, in situations where a member has received their initial eye exam but due to an accident or injury require a second eye exam in the same calendar year.

The clinic directory available at [mn.gov/mmb/segip](http://mn.gov/mmb/segip) will include a mapping feature. This will allow you to use a wider variety of locations, including abbreviated cities, street intersections, etc. You will still see the full list of available clinics and their cost levels by scrolling below the map.

**Primary Care Clinics and Provider Quality**

There are changes to the 2022 Primary Care cost levels. Check your current Primary Care Clinic’s (PCC) cost level at [mn.gov/mmb/segip](http://mn.gov/mmb/segip) on the Open Enrollment tab. Quality of care information is provided through Minnesota HealthScores for most of Minnesota’s PCCs. Minnesota HealthScores is a nonprofit organization that monitors and reports how well physician groups deliver preventive care and manage a variety of health conditions.

**Turning 65 in 2022**

*If you or your spouse will be turning age 65 during 2022*, you should also review the Senior Plans. The Advantage Plan carrier that you have in place when you turn age 65 determines the Senior Plan that you will be eligible to enroll with for the remainder of the 2022 plan year. Turning age 65 and your Medicare eligibility do not give you an opportunity to switch carriers to access a Senior Plan affiliated with a different carrier.

**Under 65, Advantage Plan Primary Care Clinics**

Check with your carrier during Open Enrollment to see if your Primary Care Clinic will participate in the carrier’s provider network for the new insurance year. The Clinic Directory for the Minnesota Advantage Health Plan is available on the SEGIP website. If under age 65, you should confirm the cost level of your Advantage Plan’s PCC for the upcoming year, as there are changes to the 2022 Clinic Cost Levels.

If your current clinic will be available in 2022, and you do not want to change carriers, you do not need to do anything during this Open Enrollment period. You will continue to participate with your current carrier in 2022. If you will keep the same carrier, but need to change your Primary Care clinic, call your carrier to change the clinic. Be sure to note the effective date you’d like the change (example January 1, 2022).
Changes you make to your health insurance will be effective January 1, 2022 through December 31, 2022.

**Other Enrollment Notes**

**Medicare participation.** To enter a senior plan, you must be age 65 and enrolled in:

- Medicare A
- Medicare B

When you enroll in a Senior Plan you will be asked if you are enrolled in Medicare Parts A and B. You must be enrolled in Medicare A and B and provide this information to ensure claims will be processed correctly. If you are changing carriers and are age 65 or greater, you must enroll with the new plan’s Part D drug benefit. The plan will send you Medicare enrollment forms that must be completed immediately to ensure that your new senior plan enrollment takes effect January 1, 2022.

BlueCross BlueShield, HealthPartners, and PreferredOne will send plan membership cards to your home prior to 2022. Check your membership cards closely to ensure that all information is correct, including the Primary Care Clinic. If there are errors, call your carrier immediately.

**Important Plan Statements**

- The state expects to continue the State Employee Group Insurance Program indefinitely. However, the state reserves the right to change or discontinue all or any part of the program, consistent with the state’s rights and obligations under law and collective bargaining agreements.
- The Plan assumes fraud or intentional misrepresentation if a participant enrolls a dependent who does not meet the Plan’s definition of dependent. Upon 30-day notice, coverage will be rescinded to the effective date of coverage. You will be liable for all claims paid by the Plan on behalf of an ineligible dependent.
Health Plans offered

BlueCross BlueShield Plans

- Minnesota Advantage Health Plan – BlueCross BlueShield (under age 65)
- Coordinated Plan (age 65 and over and a Medicare A & B enrollee)

HealthPartners Plans

- Minnesota Advantage Health Plan – HealthPartners (under age 65)
- HealthPartners Medicare Group Solution (age 65 or over and a Medicare A & B enrollee)

PreferredOne Plans

- Minnesota Advantage Health Plan – PreferredOne (under age 65)
- UCare Medicare Group (age 65 or over and a Medicare A & B enrollee)

You may receive information about other plans offered by some of the same insurance companies or carriers that offer the plans we have just listed. Be cautious. Plans not listed in this book are not state-sponsored. If you enroll in a plan that is not state-sponsored, you forfeit your membership in the State Employee Group Insurance Program (SEGIP) and will never be able to re-enroll in the state group medical insurance.

Please note that if you and your dependents are all under age 65, you must all enroll in the same plan with the same insurance carrier. If you and your spouse or dependents are in different age groups (one is age 65 or older; one is under age 65) or you have other insurance-eligible dependents under age 65, you must select plans appropriate by age group. Both age-appropriate plans must be offered by the same insurance carrier. (For example: a retiree who is age 67 may be enrolled in UCare. The under age 65 spouse, of this member and dependent children, under the age of 26, would participate in Minnesota Advantage Health Plan with PreferredOne.)

You may only change carriers during Open Enrollment. Upon turning age 65, you will have the opportunity to enroll in the senior plan affiliated with your current Minnesota Advantage Health Plan carrier. Those approaching age 65 should receive an enrollment kit or packet for the senior plan affiliated with their current carrier thirty (30) to sixty (60) days prior to the month in which they reach age 65.

Cost

You pay the full cost of retiree health coverage for yourself and your insurance-eligible dependents. Since you are a member of the State Employee Group Insurance Program (SEGIP), you receive the privilege of group rates for high-quality plans. This makes your health care coverage more affordable for a very good plan, with a low out-of-pocket maximum, than if you were to purchase similar coverage on your own. Your monthly cost varies depending on which plan you choose and whether you cover a spouse, the age of your spouse, and whether you cover other eligible dependents. The Minnesota Advantage Health Plan rates and Senior Plan rates are listed in the table on page 9.
Eligibility

If you and/or your spouse are Medicare-eligible and age 65 or older, you must be enrolled in Medicare Part A (hospital insurance) and Part B (supplemental medical insurance). Your Part D (prescription drug coverage) is included with your state group carrier and enrollment will be coordinated through your SEGIP senior plan for those ages 65 and older.

Participants in the state’s retiree health insurance program may change carriers during Open Enrollment. It is important for you to carefully consider your option to continue your state-sponsored health insurance. If you turn 65 during 2022 you will be offered enrollment in the senior plan affiliated with your current Advantage Plan insurance carrier. **If you decide not to continue, you and/or your dependents will not be eligible to re-enroll in the state’s health plans.**

Family coverage

When you retired and became eligible to continue your participation in SEGIP’s retiree plans, your eligible dependents were also able to maintain coverage.

If you chose coverage for yourself but not your dependent(s) when you retired, you may still be able to add your dependent(s) later. You may add dependent coverage if your eligible dependents, including your spouse:

- Lose other group coverage
- or
- If you become newly married after retirement

At either time, you must submit an Application to Change Insurance Coverage to the Employee Insurance Division of SEGIP within 30 days of the event. Contacting SEGIP prior to the event, is encouraged and necessary for retirees adding a spouse who is age 65 or greater. A marriage certificate and other documents will be required to verify the marriage date. When losing other group coverage, you must send written verification on company letterhead from your dependent’s employer. The employer’s letter must state the exact date of the event that is causing the loss of group coverage. It must also state the current coverage and the date their current coverage ends.

Adding new dependents will require that you verify dependent status. The policy holder verifies dependent status for newly added dependents by submitting specific documents. Failure to provide documentation will result in removal of coverage.

Surviving spouses and dependents

A spouse who was covered by the state’s retiree plans at the time of the retiree’s death may continue participation in SEGIP indefinitely. Dependent children who were covered at the time of the retiree’s death may continue participation until the end of the month in which they turn age 26.

COBRA Qualified Events – Dependent

If you have maintained coverage for a dependent child who reaches age 26, contact SEGIP prior to their 26th birthday to ensure that a COBRA offer will be provided to your dependent. Additionally, if you divorce after retirement, contact SEGIP to provide this information and inquire about continuation options no later than 60 days from the date of divorce.
Availability by county

The Minnesota Advantage Health Plan is available in all counties of Minnesota. However, the availability under each carrier may differ slightly. BlueCross BlueShield and HealthPartners offer the Advantage Plan in all counties of Minnesota. PreferredOne offers the Minnesota Advantage Health Plan in all Minnesota counties, except Houston County, where access is limited.

Each carrier offering the Minnesota Advantage Health Plan also provides a National Preferred Provider Organization (PPO) for members who permanently reside outside the state and service area (bordering counties) of Minnesota. Contact your carrier if you need access to Point of Service (POS) benefits for PPO providers, as not all carriers offer PPOs in every state. You must provide your permanent address and request access to this benefit before it is provided. If you currently have Point of Service coverage and change carriers during Open Enrollment, please call your new carrier prior to January 1 to explain that you need Point of Service coverage because you permanently reside outside the service area of the Minnesota Advantage Health Plan.

All three senior plans are available in all counties of Minnesota. The UCare Medicare Group plan offers coverage in some of the bordering counties of Wisconsin. (Please refer to the Wisconsin counties below.) For members age 65 and greater who live outside the state of Minnesota and the eligible border counties of Wisconsin, the BlueCross BlueShield Coordinated Plan and the HealthPartners Medicare Group Solution can provide your coverage. The BlueCross BlueShield Coordinated Plan and the HealthPartners Medicare Group Solution are the only senior plans available to members whose permanent residence is outside the state of Minnesota and the surrounding Wisconsin counties.

Plan Summaries

The next section of this booklet provides summaries of each SEGIP health plan offered to retirees.

- Retirees and dependents under age 65 should refer to pages 6 through 14 for plan features and types of services covered under the Minnesota Advantage Health Plan.
- Retirees and/or dependents age 65 and greater who are Medicare eligible will find plan summaries and a comparison chart on pages 15 through 21.
- For definitions of some of the terms used in these descriptions, refer to the glossary on pages 24 and 25.

This booklet does not describe all procedures and requirements established by the carriers to ensure quality and efficiency. For example, the booklet may state coverage is 100 percent for a certain service, but coverage may also require the carrier’s prior approval. You should familiarize yourself with how your plan works, in addition to its benefit levels and provider network. Each plan’s Certificate of Coverage or Summary of Benefits describes these features. The Minnesota Advantage Health Plan Summary will be available on the SEGIP website. The age 65 and over plan certificates will be made available electronically after January 1, 2022.

Provider Networks

Most health plans have a network of physicians, hospitals, and other health care providers through which you receive your care. To be sure that a particular doctor or other health care provider will be in your plan’s network for the 2022 insurance year, call the plan’s customer service number (see page 23).

Medicare Coordination

All SEGIP Senior Plans are coordinated with Medicare Parts A, B, and D for people age 65 or older. Medicare-eligible retirees and spouses age 65 and older are required to enroll in Medicare Part A and Part B to participate in the state’s group insurance plans. Enrollment in Medicare Part D (prescription drugs) is included with the state group carrier you have chosen for all medical benefits. Your enrollment in Part D will be coordinated through the carrier with which you participate.

Important note

The following descriptions are meant only to highlight the benefits provided by each plan. Please refer to the Certificate of Coverage or Summary of Benefits for complete descriptions of all benefits and benefit exclusions. If there are differences between this document and the plans’ Certificates of Coverage or Summary of Benefits, the Certificates of Coverage or Summary of Benefits will govern.
Minnesota Advantage Health Plan (under age 65)

**Minnesota Advantage Health Plan is the medical benefits program for all retirees and dependents under age 65**

All state of Minnesota retirees and eligible dependents under age 65 who receive medical coverage under the State Employee Group Insurance Program (SEGIP) are enrolled in the benefits program called the Minnesota Advantage Health Plan (referred to as Advantage Plan).

**Advantage Plan features**

The Minnesota Advantage Health Plan features include:

- Cost sharing features which help you better control health care costs, while maintaining flexibility in accessing doctors and clinics.
- Uniform and comprehensive set of benefits across all plans.
- Out-of-pocket expense maximums for both prescription drugs and medical services to protect you from financial hardship.
- No copays charged for preventive care, like annual check-ups, etc.
- Most medical care is coordinated through your Primary Care Clinic (PCC) and you will generally need a referral to see a specialist.
- You may self-refer to certain specialists including:
  - Obstetricians/gynecologists
  - Chiropractors
  - Mental health/chemical dependency practitioners
  - Routine eye exam providers

  Access to this specialty care still depends on your plan network and possibly your PCC. Contact your carrier to verify clinic cost level participation.

- You may change your clinic and cost level as often as monthly.
- Referrals for office visits to a specialist are covered at the same level as your PCC office visits.
- We advise that you choose a plan that is available in the county in which you live.

**Creditable coverage for prescription drugs**

It has been determined that the prescription drug coverage offered through the Minnesota Advantage Health Plan is creditable. This means the amount that the Minnesota Advantage Health Plan expects to pay, on average, for prescription drugs is the same as or greater than what standard Medicare prescription drug coverage will pay. This is important because if you are now eligible or become eligible for Medicare Part D, but enroll at a future date, you will not pay extra for that coverage. A disclosure is available to you on the SEGIP website at: mn.gov/mmb/segip.

**How does Advantage work?**

Under Advantage, you will share in the cost of specific medical services you obtain by paying out-of-pocket costs (annual deductibles, office visit copays, coinsurance).

Health care providers have been placed into one of four cost levels. The cost level in which each provider is placed depends on the care system in which the provider participates and that care system’s total cost of
delivering health care. Participants pay the least out-of-pocket costs when using cost level 1 or 2 clinics.

Clinics have changed cost levels for 2022. To check the cost level of your clinic, refer to the Advantage Clinic Directory on the SEGIP website at mn.gov/mmb/segip. To access, click on Open Enrollment tab. Then click on 2022 Advantage Clinic Directory or call your insurance carrier listed on page 23.

The amount of cost sharing that will be paid when using health care services varies depending on the cost level of the Primary Care Clinic that is chosen. **Primary Care Clinics in cost levels 1 and 2 provide the best value with the lowest possible out-of-pocket costs.**

Members in cost level 1 or 2 have annual out-of-pocket maximums set at the lowest amounts available under the plan: $1,700 for single coverage and $3,400 for family. Participants opting for coverage in a cost level 3 or 4 clinic will have higher out-of-pocket costs, as the delivery of care under these cost levels has higher costs. Participants in cost level 3 will share in their cost of care up to the out-of-pocket maximum of $2,400 single and $4,800 family. Participants using cost level 4 clinics will share in the cost of their care to a maximum of $3,600 single and $7,200 family. Once you’ve reached your annual out-of-pocket maximum, the Advantage Plan will pay all remaining medical costs allowed under the plan for that year.

**CVS Caremark is the Pharmacy Benefits Manager for all participants of the Minnesota Advantage Health Plan regardless of the carrier selected.** Under the SEGIP plan, most drugs are covered under one of three tiers, regardless of the PCC selected. The formulary may be accessed at www.caremark.com. The out-of-pocket maximum is $1,050 single and $2,100 family, regardless of the cost level of a participant’s Primary Care Clinic.

This chart applies only to in-network coverage. Point-of-Service (POS), coverage is available only to members whose permanent residence is outside both the State of Minnesota and the Advantage plan’s service area. This category includes employees temporarily residing outside Minnesota on temporary assignment or paid leave [including sabbatical], and college students. It also applies to dependent children and spouses permanently residing outside the service area. Members enrolled in this category pay a $350 single or $700 family deductible (separate and distinct from the deductibles listed in section B above) and 30 percent coinsurance to the out-of-pocket maximum described in Section O above. Members pay the drug copayment described at Section M above to the out-of-pocket maximum described at Section N. This benefit must be requested.

The Advantage Plan offers a standard set of benefits regardless of the selected carrier. There are differences in how each carrier administers the benefits, including the transplant benefit, in the referral and diagnosis coding patterns of primary care clinics, and in the definition of Allowed Amount.
**Coordinated Plan (age 65 and over)**

This is a BlueCross BlueShield of Minnesota Plan available for those who are:

- Age 65 and older.
- Enrolled in Medicare Parts A and B.
- Enrolled in Medicare Part D which is included and coordinated through this plan.

Requires immediate completion and return of forms to the plan. There are two forms entitled, “Enrollment Form for State of Minnesota Coordinated Plan” and, “Group Medicare BlueRx (PDP).” Forms will be mailed directly to your home address.

**General plan features**

The Coordinated Plan is available in all Minnesota counties and worldwide.

As a member of the Coordinated Plan, you are free to choose any health care provider that accepts Medicare assignment. However, when you use providers that participate with BlueCross BlueShield Plans (BCBS), your claims will be filed for you and the BCBS payment will be made directly to the provider. In addition, BCBS providers have agreed to accept the allowed amount as payment in full. You are only responsible for any deductible, coinsurance, and copays for eligible services.

Health care providers who do not participate with BCBS may charge more for services than the allowed amount. When you use a provider who does not participate with BCBS you are responsible for the deductible, copays or coinsurance and any eligible charges that exceed the allowed amount. You may also have to file your own claims.

Some deductibles specified in the Coordinated Plan are based on 2022 Medicare deductibles which are subject to change through action by the federal government. Be aware that such changes could take place without warning.

**Inpatient admissions**

**Inpatient services:**

- General hospital
- Skilled nursing facilities
- Mental health
- Chemical dependency

The Coordinated Plan will process at 80% of the first $3,000 of total eligible expenses, then 100% for a semi-private room up to 365 days, following your $200 annual deductible.

- **Deductible:** A deductible applies to the first $200.

- **Coinsurance:** After the $200 inpatient deductible, each participant is responsible for 20% of the first $3,000 ($600) of the total eligible expenses.

  Eligible expenses more than $3,000 each calendar year are covered at 100%.

- **Inpatient services out-of-pocket maximum:** $800 per participant per calendar year ($200 deductible plus 20% of the next $3,000).
Coordinated Plan (age 65 and over)

Emergency services

- After the Medicare Part B annual deductible, 100% coverage. The plan requires participants to pay the Medicare Part B deductible of $203.00 for 2021. The 2022 Medicare Part B deductible is not released for plan year 2022 as of the writing of this booklet.

Health care services

There is an annual outpatient deductible for all medical (Medicare Part B) services. After the deductible is met, services will be covered as follows.

- **Preventive care**: 100% coverage. Preventive care is not subject to the deductible.
- **Physician services**: 100% coverage.
- **Eye and hearing exams**: One routine exam per calendar year. 100% coverage of the allowed amount. The Medicare Part B deductible does not apply.
- **Hospital outpatient and surgery center**: 100% coverage.
- **Outpatient mental health services**: 100% coverage.
- **Outpatient chemical dependency services**: 100% coverage.
- **Chiropractic services**: 100% coverage.
- **Physical, speech, and occupational therapy (in an outpatient hospital)**: 100% coverage.
- **Home health care**: 100% of the Medicare-approved amount for medically necessary skilled care.

**Glossary**

**Advantage Value for Diabetes:** A program that gives Minnesota Advantage Health Plan members diagnosed with diabetes access to reduced out-of-pocket costs for high-value medical and pharmacy services that are primarily for diabetes. Eligible medical services include physician office visits, dietitian office visits, diabetic retinal eye exams, lab tests, diabetic testing supplies, and pharmacist consults. Eligible pharmacy services include diabetic testing supplies as well as diabetes, hypertension, cholesterol, and depression medications.

**Allowed amount:** A set amount which an insurance company (often referred to as a plan) agrees to pay for a particular service or product provided by a doctor or health care provider. Under some plans, there may be a difference in the insurance company’s allowed amount and the health care provider’s fee for a particular service or product. In some of these cases, the insured person is responsible for paying the difference.

**Brand name drugs:** Prescription drugs that are sold under a trademarked brand name.

**Carrier:** An organization, such as an insurance company, that provides or administers programs that arrange for health, life, or other insurance services. All the companies that offer health, dental, life, and optional insurance plans through the State Employee Group Insurance Program may be called carriers. Examples are BlueCross BlueShield, HealthPartners, PreferredOne and UCare Medicare Group.

**Certificate of Coverage:** A document available to plan participants describing details of coverage. Insured plans call this a certificate of coverage and self-insured plans call this a summary of benefits.

**Coinsurance:** This is a percentage of the cost that is charged for certain services after the deductible has been paid. For example, a coinsurance level of 90% means that the member first pays the deductible, then the plan would pay 90% of the costs and the member would pay the remaining 10% of the costs. Once the employee costs reach the out-of-pocket limit, the plan would pay all costs for the rest of the plan year.

**Copay:** A flat dollar amount that is charged every time a service is provided. For example, under Advantage, members will be charged an office visit copay for most visits to the doctor’s office. (Copays will not be charged for preventive care under Advantage, such as annual check-ups, etc.)

**Creditable Coverage:** Prescription drug coverage that is on average at least as good as the standard Medicare prescription drug coverage.

**Deductible:** An annual amount that must be paid each year before the plan starts paying for services. A “$400 deductible” for example, means that the member would pay the first $400 per year for certain services before the plan would begin covering the cost of services.

**Dependent:** Generally, the spouse/children of a covered person, as defined in the insurance policy or plan.

**Effective date:** The date on which an insurance policy or plan goes into effect and coverage begins.

**Eligible expenses:** Medical expenses for which a health plan will provide benefits. Some health providers may charge more than what an insurance plan considers eligible. In these cases, the covered person is responsible for paying the additional costs.

**Family coverage:** Health insurance for the retiree and one or more eligible dependents.
Formulary: A drug formulary is a listing of preferred high-quality, cost-effective drugs selected by a professional committee of physicians and pharmacists.

Generic: A drug that has been on the market long enough that no single manufacturer has an exclusive right on making and marketing.

In-network: The group of health care providers with whom a plan has contracted to provide services to members of the plan. Ask if a provider is still participating with your plan before you seek services because Networks may change during the year.

Medicare: The federal government’s plan for paying certain hospital and medical expenses for those individuals who qualify and are enrolled in the Medicare plan, primarily those 65 and over. Benefits are provided regardless of income level. The program is government-subsidized and government-operated.

Medicare Part A: Medicare Part A, hospital insurance, generally pays for inpatient hospital services and post-hospital care.

Medicare Part B: Medicare Part B, Supplementary Medical Insurance, pays for medically necessary doctors’ services, outpatient hospital services, and other medical services and supplies not covered by Part A.

Medicare Part D: Medicare Part D pays for prescription drug coverage for qualified Medicare beneficiaries.

Open Enrollment: The period during which participants in the State Employee Group Insurance Program have an opportunity to change from one plan to another.

Out-of-pocket costs: Fees and charges, in the form of deductibles, copays and co-insurance, that an insured person is required to pay for products or services.

Outpatient services: Treatment that does not require hospitalization.

Preferred brand: A group of brand name drugs that the pharmacy benefit manager has selected to be the most effective for the price.

Preferred Provider Organization (PPO): A group of physicians and hospitals that contract with an insurance company to provide medical services.

Primary care: Routine medical care, normally provided in a doctor’s office, by an internist, family or general practitioner, obstetrician-gynecologist, osteopath, or pediatrician.

Provider: A doctor, therapist, chiropractor, or other licensed medical practitioner. A participating provider is a provider who contracts with a plan to provide services to members of the health or dental insurance plan.

Summary of Benefits: A document available to plan participants describing details of coverage. Insured plans call this a certificate of coverage and self-insured plans call this a summary of benefits.
Minnesota Management & Budget Notice of Collection of Private Data

Minnesota Management & Budget (MMB) administers the State Employee Group Insurance Program (SEGIP). This notice explains why SEGIP is requesting data about you, how we will use it, who will see it, and your obligation to provide it.

What data will we use? We will use the data you provide us at this time, as well as data previously provided us, about yourself and your spouse and dependent(s). We will use the data to administer existing programs, develop new programs, ensure existing programs are effective and efficient, comply with both state and federal laws and regulations, and to process your enrollment requests. If you provide any data about you or your dependents that is not necessary, we will not use it for any purpose.

Why we ask you for this data? We ask for this data so that we can successfully administer employee benefits. This data is used to process your request to add, waive, or change coverage for yourself. The requested data helps us to determine eligibility, to identify you, and to contact you, your spouse, and dependents.

Do you have to answer the questions we ask? You are not required to provide the data requested. If you do not provide the requested data, you may be unable to waive your state employee medical coverage.

What will happen if you do not answer the questions we ask? If you do not answer these questions, the insurance benefit transaction you requested for you, your spouse, dependent, or other insurance benefit transaction may be delayed or denied.

Who else may see this data about you and your spouse and dependents? We may give data about you, your spouse, and dependents to your insurance carrier, SEGIP’s other representatives, vendors, and actuary; the Legislative Auditor; the Department of Health; the Department of Commerce; and any law enforcement agency or other agency with the legal authority to have the data; and anyone authorized by a court order. The parents of a minor may see data on the minor unless there is a law, court order, or other legally binding instrument that blocks the parent from that data.

How else may this data be used? We can use or release this data only as stated in this notice unless you give us your written permission to release the data for another purpose or to release it to another individual or entity. The data may also be used for another purpose if Congress or the Minnesota Legislature passes a law allowing or requiring us to release the data or to use it for another purpose.
