

2025 Dental Insurance Premiums

The dental coverage you have now as a retiree remains in place for 2025 if you continue to pay monthly premiums.

State Dental Plan	Retiree Only	Family Coverage	Former Employee's Surviving Dependent Only
The premiums are the same for both Delta Dental – Group 216 and HealthPartners	\$46.04 monthly premium	\$136.24 monthly premium	\$46.04 monthly premium

Confirm your dentist is in network for 2025

While your dental coverage doesn't change for 2025, your plan administrator may have changed its network of dentists. Make sure to check your dentist's network status for 2025. You pay more of the dental bill if you get care from an out-of-network dentist.
