

NATIONAL PAYROLL WEEK 2021

National Payroll Week

September 6-10, 2021

The American Payroll Association has designated September 6-10, 2021, as National Payroll Week. This week is set aside to celebrate America's employees and the payroll professionals who pay them. Together through payroll withholding, we contribute, collect, report, and deposit 70% of the U.S. Treasury's annual revenue and about \$2.4 trillion per year.

Minnesota Management & Budget, Statewide Payroll Services, salutes the payroll staff at all State of Minnesota agencies. Through these complicated times, you have exceeded expectations and continue to pay approximately 55,000 state employees every two weeks, accurately and on time. And over 99% are paid by direct deposit. Your efforts are appreciated!
