Dr. E.J. Engberg, Superintendent
State School and Colony
Faribault, Minnesota

Dear Dr. Engberg:

I am enclosing herewith some letters written by the children at the State Public School to their friends at Faribault. I do not know if you wish to allow this correspondence between the children that have been transferred and those that have remained at your institution. When you have time to consider the matter, will you let me know what your recommendation is.

Very truly yours,

M.R. Vevle
Superintendent

Mr. M.R. Vevle
Superintendent
State Public School
Owatonna, Minnesota

Dear Mr. Vevle:

We received your letter and also the correspondence from our former patients to their friends and relatives here. We believe that it would be satisfactory for your children to write once a month, particularly if they write such fine letters as they have been doing. As you know many of them have other members of their families here or do not have any relatives who are particularly interested in them.

Very truly yours,

E.J. Engberg, M.D.
Superintendent
