Dear Mr. Swanson:

We received your letter regarding the form "Additional Information at Time of Entering Institution", and we agree with you that this form is no longer necessary. The only report on it which we would like to have pertains to previous operations and venereal disease. These facts are usually presented by letter, or if noted after admission, an inquiry is usually made concerning them.

The blank pertaining to pregnant women is of considerable value and should be continued.

Very truly yours,

E. J. Engberg, M.D.
Superintendent
