Division of Public Institutions
410 Globe Building
St. Paul 1, Minnesota

Attention: Miss Mildred Thomson

Dear Miss Thomson:

As you know, you inquired regarding any children of school ability who are too crippled to go up and down stairs.

We are enclosing a list of possible patients from here who might benefit by school training. There are a number of others who are receiving part-time school training here but subsequent retests have resulted in I.Q.'s below 50. Some of those on the list are questionable, as they are unable to talk, so that their mentality has been estimated in the past and they have not been seen recently by a psychologist.

Very truly yours,

E. J. Engberg, M.D.
