

PATTERN OP MALE PATIENT MOVEMENT 1960

Working group (Chip. W., etc.) will be decreased by 100 transfers to Brainerd Feb. to June 1960. 52 other male transfers are in other buildings. (Total 152 males),

eLm provides space for some 70 handicapped admissions from waiting lists (total 152) by shifting appropriate age groups, etc.

2 new buildings will replace 188 beds in geriatric group (Grandview etc.) and 42 beds in Huron of the working group which will continue to decrease in size. The new buildings should be flexible enough for any future patient population other than disturbed.
