Dear Sir:

The purpose of the attached questionnaire is to assist the Southbury Training School in initiating a payment program for our residents. I would like to emphasize the fact that this questionnaire is not to be used as a research instrument for a Masters or Doctorate Degree.

If your answer to question #1 is no please return the questionnaire in order that we may have an overview of the number of payment programs in state institutions for the retarded throughout the nation.

Any additional material which you may send will be greatly appreciated.

Very truly yours,
