

March 12, 2014

## ACA Enrollment Deadlines

To clear up any confusion about the Individual Mandate tax penalty, we would like to again clarify the two remaining open enrollment deadlines and what they mean to your customers.

**For coverage beginning April 1:** Enrollment and premium payment must be completed on or before March 15, 2014. Please review the [MNsure press release](#) for specific information.

**For coverage beginning May 1:** Enrollment and premium payment must be completed on or before March 31, 2014. This is also the last day of open enrollment and the last day to enroll in health insurance inside or outside of Mnsure before the next open enrollment period begins on November 15, 2014, without facing a tax penalty.
