

Decision Making Guidelines for Consensus 5-Finger Vote

- 5 = Decision represents the group's wisdom; a definite "yes."
- 4 = Decision is acceptable.
- 3 = Can live with the decision, but without enthusiasm.
- 2 = Can't accept the decision, won't block it, but need to state my view.
- 1 = We are not unified; need to do more work before consensus; will stand in its way.
