

## Measurement and Reporting Work Group

December 10, 2012

### Agenda

- I. Welcome
- II. Recap of first memo and feedback received to date
- III. Overview of next steps and timeline for methods development
- IV. Presentation of health plan quality measure inventory and methodology

#### Discussion questions:

- What specific aspects of quality should be measured and incorporated into the health plan quality rating system?
  - Are there any aspects of quality that should be eliminated from consideration?
  - Where do you think there are gaps in available quality measures?
- V. Update on display of health care provider metrics
  - VI. Adjournment
