Agenda Item 7 – Status Reports

A. Canterbury Park Entertainment, LLC -

Mr. Groen – This will be Ms. Carlisle's last meeting. Canterbury will be announcing some of our key racing position hires in the very short term, confident we will be able to put together a strong A-Team for our race meet this year. This weekend Horse Skijoring both Saturday and Sunday. Now that Breeders Fund money has been approved, we will be moving forward with our first condition book online. This year there will be the same number of races as last year and same level of purses.

B. Running Aces Casino, Hotel and Racetrack

Mr. Carpenito – continuing to prepare for the 2026 race meet which is scheduled to begin May 17th. The projected allocation from the purse account is \$5.7 million for the 2026 meet which is the same figure that we paid in 2025. Stall applications for the meet have been out approximately a month now and we have received some contact from horsemen around the country that have never raced here. Historically the majority of applications come in the last week before they are due and that is March 16th. Completed assembling the seasonal racing staff for 2026 and happy to report majority is returning from our 2025 meet. That staff, along with our post-time wagering format and export sites, will be submitted for Commission approval for the March meeting.

Mr. Bedessem – Planning the race season, the biggest issue we are having right now is we have so many nonprofits reaching out to us for a feature night because it has been so successfully growing. We anticipate a handful of changes to how we're doing some of the race nights, some of the giveaways and just as we keep evolving and how to keep the fans engaged. Through the property we have been ramping up our bingo nights, our trivia nights and we have a DJ starting on Saturday night. Have also started a New Year promo with commemorative coins. Commissioner Colombo applauded Running Aces working with the nonprofits the way they do.

Agenda Item 8 – Executive Director's Report

- A. Contract Approvals – Running Aces, a contract for playing cards, new rooftop A/C units, and with NYRA for content management for simulcasting. Canterbury Park also had NYRA for their content management contract extension and for their membership in National Thoroughbred Racing Association.
- B. HISA/HIWU Update – HISA has put out a request for informal comments on some rulemaking they are planning to do. The inform process we will be submitting a letter with some mainly technical concerns. The rule changes deal with some of the processes within the test barn environment, potential conflict of interest disclosure by test barn staff and then also some technical comments that we have about the relationship of the investigators and our investigators on site. Really just some comments around the language that they've used and clean that up.
- C. Rulemaking Update – Mr. Newton - The Notice of Intent to Adopt without a hearing was published January 20th, the comment periods end shortly, we have not received any comments. Next step will be to submit to the Governor's office for approval and then we will submit it to the Court of Admirative Hearings for their review.
- D. Personnel Update – We are gearing up for our seasonal hiring postings.
- E. ADW Report in the packet
- F. Licensing Report in the packet
- G. Other – Reviewed the PowerPoint presentation, MRC Budget Overview, given at the Finance Committee meeting.

Agenda Item 9 – MQHRA/MTA/MHRI/MNHBPA Reports

MHRI – Ms. Dessert – Introduced the new Administrative Director, Emily Palmen. The MHRI is working on their Minnesota condition book, and it is foaling season, exciting time of the year.

Commissioner Colombo - Dr. Hovda asked her to share a story about a 2011 MN Bred/ MN Raced Thoroughbred that was to be sold at auction named AP IS LOOSE. Canterbury Park agreed to purchase the horse, Ms. Nancy Turner of This Old Horse stepped up immediately and agreed to secure the sale through the online auction. Ms. Turner drove the 3.5 hours to the auction, approached the gentleman managing the sale, he and his wife were aware of all the things that This Old Horse had done for OTT Thoroughbreds and since they just wanted him to go to a good home said they would give him to her. So, on a bright, sunny morning on Sunday, the man, his wife and AP met Miss Turner and went home. Minnesota Racing standing up for Minnesota Racing and we can all be really proud of that.

Exhibit C

Detailed statement of how the request meets the criteria in part 7873.0110 subpart 2

Integrity of Racing:

North Metro Harness Initiative, LLC (NMHI) d/b/a Running Aces Casino, Hotel & Racetrack has upheld its integrity of its license as a host track. NMHI received its class A and B racing licenses from the Minnesota Racing Commission (MRC) in 2005. NMHI completed construction of Running Aces in early 2008 and has successfully conducted eighteen full race meets over the period of 2008 to 2025 consecutively.

NMHI opened the card room at Running Aces on June 30, 2008. Throughout the licensing and development process, the inaugural race meet, and now in connection with ongoing operations, NMHI has conducted its business in accordance with Minnesota statute and the rules of the MRC.

Racing Officials and participants work diligently and transparently to ensure our Racing product maintains a high level of professionalism, integrity, and competitive nature for the overall entertainment of our fans and racing participants.

Public Health, Safety, and Welfare:

North Metro Harness Initiative, LLC (NMHI) d/b/a Running Aces Casino, Hotel & Racetrack maintains a strong commitment for hosting live racing while maintaining the overall public health, safety, and welfare of all industry participants and horses.

Running Aces is committed to working with the MRC Staff; local and traveling horse people, and other interested parties to ensure these conditions are maintained.

For the 2026 Live Racing season, Running Aces is committed to working with the veterinary staff and judges to accommodate any needs relating to the safety and welfare of our horse people and horses.

Public Interest, Necessity, and Convenience:

As it relates to pari-mutuel pools, North Metro Harness Initiative, LLC (NMHI) d/b/a Running Aces Casino, Hotel & Racetrack has historically proven that offering a competitive and consistent wagering product for our fans will produce continued growth and support of our program. Handle continued to increase year over year for our first 12 seasons. After a downturn in 2020, due to the effects of COVID-19 and moving our racing to the afternoon, our handle rebounded in 2021 with a return to our traditional evening timeslot as well as slight modifications to our wagering format and wagering minimums. After setting new all-source handle records in 2022 & 2023, we did experience slight downturns in both 2024 & 2025 with all-source handle over \$9.6 Million last season. The percentage drop was consistent with all wagering on Standardbred Racing in North America. Our on-track handle in 2025 remained consistent with 2024 totals.

In addition, our ability to export the signal to over 300 locations nationally, drives more value to pari-mutuel pools while increasing our brand and exposure of racing in Minnesota.

February 27, 2026

Kyle Gustafson

Executive Director
Minnesota Racing Commission
15201 Zurich Street NE
Columbus, MN 55025

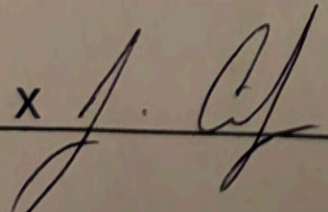

Dear Mr. Gustafson:
