OFFICE OF CANNABIS MANAGEMENT

# Cannabis License Holder: Request for Change to Business Name

This document is for business license applicants or license holders to request an update to their business name information. All business name changes must be reviewed and approved by OCM in order to be in effect.

A certificate issued by the Minnesota secretary of state must be submitted that clearly associates the name of record to the new business name. Copies of applications to the Secretary of State will not be accepted.

This form must be used to report the filing of a Certificate of Assumed Name (also known as a DBA or doing-business-as). Applicants and license holders must submit the filing, which includes the secretary of state seal and filing number.

*Failure to provide complete and accurate information may result in delays in licensure.*

**Submit this completed form and associated documents from the Minnesota secretary of state via email to ocm.licensing@state.mn.us.**
