

SY2025-2026 Licensure Assignment Table

The *Licensure Assignment Table* has been significantly reorganized from previous iterations. The new version has been sorted first by licensure category followed by license function code. Use the Table of Contents to quickly navigate to desired license category.

The best use of this document is when the license held is known and the information being sought is allowable assignments. Take care to match the *exact* license function code when using this document. A person's license function code is listed under License Detail in PELSB's Licensure Lookup search tool.

Additions or changes that went into effect for SY2025-2026 are distinguished narratively by a written designation, and visually by use of bolded purple.

Legacy licenses are distinguished narratively by a written designation in the Notes column, and visually by use of light gray fill for the row.

Current licenses are distinguished narratively by a designation in the Notes column, and visually by using **bolded** font. Districts co-applying for a Tier 1 or Tier 2 license, or a special permission should only use the current license.

Non-instructional assignments and those which may be completed with any number of allowed licenses are found in the *Assignment Licensure Table*.

Questions related specifically to this publication, or licensure compliance in general, may be submitted to:

Administrative Positions

Superintendents and Principals

Charter School Leadership. A Director of a Charter School is not required to hold a PELSB-issued license. However, if the educator does hold an administrator license and is working in that area, report with the appropriate code. If the Charter School Leader holds an administrative license, but is working outside of their license field, consult the *Assignment Licensure Table* for the applicable assignment code. If the Charter School Leader does not hold any PELSB-issued license, consult the *STAR Non-Licensed (NA) File Guidance* handbook.

License Function Code	Licensure Field Name	Allowable Assignments	License Description	Notes
920000	District Superintendent	920001 Superintendent 920002 Assistant Superintendent 960200 Curriculum Director 960400 Secondary Education Director 960500 Elementary Education Director	Superintendent means superintendents and assistant superintendents who perform 50 percent (50%) or more of their duties in the areas of administration, personnel, supervision, evaluation, and curriculum. American Indian Studies

PELSB understands [Minnesota Statutes 2024, section 124D.74, subdivision 7](#), that American Indian culture and language classes are meant to be taught by a person holding an eminence credential such as the licenses listed within this section, 'American Indian Studies.' **The assignment Exploratory Language and or Culture Program (assignment code 060401) is a course that allows students to become acquainted with two or more languages and or cultures for the purpose of selecting one for further study in subsequent years. It is not a language instruction course.**

Content Areas

Adult Basic Education

If a teacher is providing instruction as part of an Adult Basic Education program that is receiving ABE funding that teacher must be licensed. While Minnesota does have an ABE-specific teaching license, a teacher may serve as an ABE teacher so long as they hold any classroom teaching license. Note: If the ABE program is being used for the purposes of obtaining a high school diploma or to teach English as a second language, other licensure requirements may apply.

If a public-school district is hiring ABE teachers, the teacher must hold a valid Minnesota teaching license. However, state law provides an exception to the licensure requirement in the case of English as a Second Language (ESL) ABE classes. Individuals who hold a bachelor's or higher degree in ESL, applied linguistics, or bilingual education may teach an ESL ABE class, even if they do not hold a teaching license. Please note that while licensure may not be required, individuals with a bachelor's or master's degree may qualify for a Tier 1 or Tier 2 license. These situations are reported in the NA or Non-Licensed Files (classification code 999969).

License Function Code	Licensure Field Name	Allowable Assignments	License Description	Notes
180400	Adult Basic Education	890100 Adult Basic Education	A teacher of adult basic education is authorized to provide to learners, who have aged out of the compulsory attendance requirement for secondary schools as set forth in Minnesota Statutes, section 120A.22 , and are not enrolled in elementary or secondary schools, instruction that is designed to develop mastery of basic education skills including English language skills.	STAR Grade Level = 30 Current License Teacher License (MN Rule 8710.4000)

Agricultural Education, Non-Vocational

Any Minnesota public school district may choose to offer agricultural education courses. Districts that do **not** receive CTE funding should consult this section for Agricultural Education, Non-Vocational. Districts that **do** receive CTE funding should consult the Career and Technical Education (CTE) section. The Agricultural Education license, function code 010100, can be used to teach both 'general' education and CTE assignments.

Career and Technical Education (CTE)

The Minnesota Department of Education (MDE) is responsible for approving CTE programs. Since CTE programs can leverage certain federal funds, these programs may have additional federal requirements that affect which licenses are required of the teachers participating in the programs. PELSB has attempted to reorganize CTE licensure assignments to mirror MDE's career fields to the extent possible. It is our hope that this change will prove helpful to districts with approved CTE programming.

Minnesota Statutes 2024, section [120B.024](#), subd. 2, paragraphs b and c outlines specific requirements that must be met in order for a person holding a CTE license to award math, science, or art credits through a CTE course.

Agriculture, Foods, and Natural Resources (AFNR)

Any Minnesota public school district may choose to offer agricultural education courses. Districts that do **not** receive CTE funding should consult the Agricultural Education, Non-Vocational section found under Content Areas earlier in this document. Districts that **do** receive CTE funding should consult this section Career and Technical Education (CTE). The Agricultural Education license, function code 010100, can be used to teach both 'general' education and CTE assignments.

License Function Code	Licensure Field Name	Allowable Assignments	License Description	Notes

Family and Consumer Science (CTE)

Any Minnesota public school district may choose to offer business Family and Consumer Science courses. Districts that do **not** receive CTE funding should consult the Family and Consumer Science, Non-Vocational section found under Content Areas earlier in this document. Districts that **do** receive CTE funding should consult this section Career and Technical Education (CTE). The Family and Consumer Science license, function code 090100, can be used to teach both 'general' education and CTE assignments.

Experimental Program

This license cannot be earned through a teacher preparation program or portfolio. It is issued via the Cross-Curriculum Delivery Permission (CCDP).

License Function Code	Licensure Field Name	Allowable Assignments	License Description	Notes
999990	Experimental Program	890413 Non-Core Experimental Program Teacher 893000-893005 Experimental Program teaching core content	A cross-curricular delivery permission authorizes a teacher holding a Tier 3 or Tier 4 license, consistent with this part, to teach multiple fields to a group of students.	<p>STAR Grade Level = Report actual grade level of students.</p> <p>Current Permission (MN Rule 8710.0321)</p> <p>Districts may request a Cross-Curricular Delivery Program Permission (CCDP) for individuals teaching multiple subjects <i>simultaneously</i> in settings such as an alternative program, care and treatment facility, or programs using "project-based" or other innovative methodologies.</p>

Substitutes

A short call substitute cannot teach for 20 days, take one (1) day off, and then return to the same position for another 20 days. In this situation, the short call substitute would be considered the Teacher of Record. When a teacher of record is absent from an assignment for more than 20 consecutive school days or a vacancy remains unfilled for more than 20 consecutive school days, the assignment must be filled with a long-term substitute who holds the appropriate license.

License Function Code	Licensure Field Name	Allowable Assignments	License Description	Notes
990000	Short Call Substitute	899999 Reserve Teacher	<p>A short-call substitute license authorizes the license holder to replace the same teacher of record or fill a vacancy for no more than 20 consecutive school days.</p> <p>A short call substitute cannot teach for 20 days, take one (1) day off, and then return to the same position for another 20 days.</p> <p>A class that does not meet consecutive days of the week. If a class meets Monday, Wednesday, and Friday this is considered three consecutive days. The days the class does not meet do not count when determining the 20 days. Weekends and non-school days are also not counted. If the teacher has taught 19 consecutive days before a weeklong school vacation, then they can only return for one day.</p> <p>A class that meets irregularly. If the class is scheduled for 20 days or less, a class that meets once a week for a certain amount of time, during a grading session, a short-term substitute CANNOT fill this assignment. A teacher holding the appropriate license or permission must fill this assignment.</p> <p>Homebound services. A short-term substitute cannot be a Homebound teacher unless the time is 20 days or less.</p>	<p>Current License (MN Rule 8710.0325)</p> <p>Persons holding a valid Tier 1, Tier 2, Tier 3, and or Tier 4 license are also authorized to serve as a short-call substitute.</p> <p>An individual who holds ONLY an administrative license must obtain a short call substitute license.</p>

License Function Code	Licensure Field Name	Allowable Assignments	License Description	Notes
990010	Lifetime Short Call Substitute	899999 Reserve Teacher	<p>A lifetime substitute license is issued, consistent with this part, to a retired teacher and authorizes the license holder to replace a teacher of record who is on an approved leave of absence.</p> <p>Lifetime Substitutes could fill long-term positions if they held the full professional license for the content area AND the teacher of record is on leave.</p>	Current License (MN Rule 8710.0326)
990020	CTE and or Career Pathways Short Call Substitute	899999 Reserve Teacher	<p>The board must issue a short-call substitute license to authorize an individual to <i>substitute teach in career and technical education and career pathway courses</i> of study to an applicant who meets the requirements of subpart 2 or if the applicant has one of the following: five years of relevant work experience aligned to a career and technical education field or career pathway; an associate's degree aligned to a career and technical education field or career pathway; or a professional certification aligned to a career and technical education field or career pathway from an approved certifying organization.</p>	Current License (MN Rule 8710.0325).

License Function Code	Licensure Field Name	Allowable Assignments	License Description	Notes
990040	Emergency Short Call Substitute	899999 Reserve Teacher	This license is limited to substitute teach in the district(s) or charter school(s) that verified a substitute position on the licensure application. This license is valid for substitute teaching on a day-to-day basis not to exceed 10 consecutive school days replacing the same teacher . To substitute for the same teacher for more than 10 consecutive school days, the substitute teacher must hold a tiered license valid for that assignment.	Current License. (NEW SY25-26)

The Pilot Short Call Substitute program expired on June 30, 2025.

Archived Legacy Licenses

Effective SY2025-2026, PELSB has amended the Licensure Assignment Table by removing legacy licenses with no non-expired licenses or life license holders under 100 years of age. A legacy license can be renewed. If your district hires a person holding one of the following licenses, and you need guidance on allowable assignments, please contact PELSB staff at star.PELSB@state.mn.us
