

## Minnesota Teacher and Related Services Licensure Fields

This document identifies the licensure fields for teacher and related services that are currently available in Minnesota. Additional information included is a link to the Minnesota Rule, the grade level, and whether the license is a full license or endorsement.

An endorsement is a license that is added to an existing license. While all licenses can be added to an existing license, an endorsement license cannot stand alone. This means an individual must already hold a Minnesota teaching license or be adding a full teaching license at the same time as the endorsement license. Several of the endorsement licenses require a specific base license.

While the age or grade scope is listed, if an individual has completed a state-approved program outside of Minnesota that is not the same as the Minnesota grade level for that license, the Minnesota license the individual receives may have a restricted grade level.

| Minnesota Rule Number     | Licensure Name   | Age or Grade Scope                                | Full License or Endorsement Only  |
|---------------------------|--|---|---|
| <a href="#">8710.4000</a> | Adult Basic Education                                      | Adult   | Full  |
| <a href="#">8710.4050</a> | Agriculture Education                                      | Grades 5-12                                       | Full  |
| <a href="#">8710.4100</a> | American Indian Language, History, and Culture             | Grades K-12                                       | Full  |
| <a href="#">8710.4150</a> | Bilingual-Bicultural                                       | Aligned to the scope of teacher's content license | Endorsement can only be added to: Elementary; or a grade 5-12 or 7-12 license in Mathematics, a Science field, Social Studies, or Health education. |
