

Minnesota Out-of-Field Permission Request

[Minnesota Rule 8710.0320](#)

General Information and Checklist

General Information: An out-of-field permission (OFP) authorizes a teacher, who holds a Tier 2, 3, or 4 license, to teach in an assignment outside the scope or field of the license held. Related service providers are not eligible for an OFP. An OFP is valid for one academic school year.

Terms: A teacher may be granted a total of five out-of-field permissions in a lifetime. Out-of-field permissions issued for the 2020-2021 school year DO NOT count toward the five permitted in a career due to COVID-19 circumstances. Likewise, OFPs issued for the 2022-2023, 2023-2024, and 2024-2025 school years DO NOT count due to the teacher shortage.

If the teacher only holds a **Tier 2** license, the fulltime equivalency (FTE) being requested cannot exceed more than 50% (.50).

Posting Requirements: Before offering a position to a teacher who would require an out-of-field permission, the district must advertise the position. The PELSB Board has waived the 15-day advertising rule for an initial OFP for the 22-23 and 23-24 school year along with the beginning of the 24-25 school year. **This advertising exemption on initial OFP requests ended December 31, 2024. As of January 1, 2025, all advertising rules are in effect.** If the teacher has already held an OFP in the same assignment in the same district, the district must advertise the position for a minimum of 60 days on a board-approved statewide job board. **Positions must be posted on the Minnesota state-wide job board, [MNSchoolJobs.org](https://mnschooljobs.org).** Note: the hiring district must repost a position for an additional 15 days if an applicant accepts the position but later turns it down.

Exemptions to Posting Requirements: There are a limited number of exemptions to the posting requirements and advertising. A district does not need to advertise if at least one of these criteria apply:

- A Tier 3 or Tier 4 licensed science teacher who qualifies as an “internal hire” impacted by the science standards changes
- The position is for 0.25 FTE or less
- The teacher is enrolled in a teacher preparation program to attain the licensure field being requested on the OFP form and is making adequate progress, as defined by the provider, in the preparation program.

Submission Timelines: Out-of-field permission requests may be submitted at any time during the school year for the current school year. The OFP is valid from the date of arrival to PELSB until June 30 of the expiration school year and may include summer or extended school year, if requested, as long as the teacher’s license has not expired. If an OFP needs to be extended to include summer school after original submission, a new OFP must be submitted to extend coverage. OFP requests must be completed and submitted to PELSB by the district and not by the teacher. For the upcoming school year, an OFP may be submitted on or after July 1.

ALL REQUESTS MUST INCLUDE THE FOLLOWING TO BE CONSIDERED

Partial or incomplete packets will be returned to the district for completion and resubmission. Review and check each of the following sections to ensure you have completed the paperwork accurately. Please ensure that the request is legible to avoid delays. If possible, entries should be typed.

Please email one PDF OFP request per teacher.

Section 1: District Identification Information

- Complete all fields to allow for efficient communication.

Section 2: Teacher information & Out-of-Field Permission Request

- Include all information about the teacher's current license including teacher name, file folder number, current licensure field(s) with grade level, and expiration date.
- Indicate the licensure field, grade level and the percentage fulltime (FTE) for each licensure field requested.
 - If you are unsure of the name of the licensure field, please see the [Minnesota Licensure Fields](#) document.
 - The total FTE should not exceed 100%.
 - **Note – if the teacher only holds a Tier 2 license, the field being requested cannot exceed 50% (.50) FTE.**
- Complete submission period school year, with beginning and end dates. The start date is the date the OFP is submitted. Permissions cannot be backdated.
- Indicate if the OFP is being requested for summer school or extended school year.

Section 3: District Verification for an Out-of-Field Permission

- Indicate internal or external hire status – follow prompts from there.
- Fill in number of days of advertising on the board-approved statewide job board.
 - For OFP renewals: the position must be posted for a minimum of **60 days** before submitting the OFP.
- Indicate if the teacher meets one of the exemptions to advertising rules (*see Exemptions to Posting Requirements*)
- Complete Question 3 or Question 4.

Please note: *in answering 3a and 3b, only include applicants that are licensed in the licensure field requested in Question 2, not the total number of applicants who applied.*
For example, if the OFP request is for Autism Spectrum Disorders (ASD), only include applicants that are licensed in ASD. If none of the applicants are licensed in the requested field, enter zero.

 - Question 3: For an external hire - if you complete Question 3 and the number in 3a equals the numbers in 3b and/or 3c, the OFP will be issued by PELSB staff expediting processing.
 - Question 4: For an external hire – provide a detailed description. This request will go before the Licensing Committee for review at their next scheduled meeting (TBD) and a decision will be made.
- Signatures and dates by the district and teacher must be included. Typed signatures will not be accepted.

PARTIAL OR INCOMPLETE REQUESTS WILL BE RETURNED
