Minnesota law provides that, if telephone or another electronic means is used to conduct a meeting, the Commission, to the extent practical, shall allow a person to monitor the meeting electronically from a remote location. The Commission may require the person making a connection to pay for the documented additional cost that the Commission incurs as a result of the additional connection. (The only anticipated connection costs are the user’s long-distance telephone charges.) This notice was posted on the MSGC web site on May 27, 2021.
