Persons sentenced within the same county in a one-month period are generally counted only once, based on their most serious offense. This data request was prepared by the research staff of MSGC in fulfillment of the Commission's statutory role as a clearinghouse and information center for information on sentencing practices. This is not a policy document. Nothing in this request should be construed as a statement of existing policy or recommendation of future policy on behalf of the Commission itself, or as an authoritative interpretation of the Minnesota Sentencing Guidelines, Minnesota statutes, or case law.
