Join us at 2020 EAA AirVenture in Oshkosh, Wisconsin!

Be part of the world’s largest gathering of pilots and aviation enthusiasts

In 2019 more than 640,000 attendees visited the 2019 EAA AirVenture. We’ll be there to promote aviation in Minnesota – tourism, opportunities for businesses, and the great airports throughout Minnesota to visitors from across the United States and the rest of the world. Help us staff our booth and bring your knowledge and expertise – we’ll help you promote your community and airport! Visit http://www.airventure.org/exhibitors to learn more about AirVenture.

How does my airport participate?

• Staff the booth from **July 20-26, 2020**
  - One or more days, and approximately 2 shifts of 2-3 hours per day
• Help with set-up or tear-down on July 19th or 26th
• Think about including airport staff, airport commission or board members, local pilots who are good ambassadors, or staff from your local tourism group or chamber of commerce. They should be enthusiastic about your airport and community!

What will it cost?

We provide entrance wristbands on the day(s) you work at the booth. You are responsible for:

• Your time
• Lodging and meals
  - MnDOT Aeronautics staff lodges at UW Oshkosh. There maybe rooms available there starting at $75/night. Call 920-424-3226 or email uwoeaa@lists.uwosh.edu
  - Hotels in surrounding communities (Oshkosh, Appleton, Fond du Lac, etc.) are at a premium, but there are still rooms available, especially if you are willing to drive.
• Transportation
  - Oshkosh is about a 4.5 hour drive from the Twin Cities.
  - While in Oshkosh, local bus service is available from UW Oshkosh and other stops in town to various destinations including AirVenture.
  - We have limited parking permits, but pay parking is available for a fee. We can also help arrange car pools as necessary each day for booth staff to get to and from the convention grounds.
• Literature and other promotional items you provide

Minnesota is a great destination for aviation!

Help us spread the word to visitors from near and far. Last year, Minnesota airports connected with visitors interested in fuel stops on the way home, destination ideas, upcoming events, and hangars and airport amenities. Our booth materials will include these messages and highlight our partner airports. Will you join us?
