SUBJECT: Dehumanization and The Institutional Career

My book, Dehumanization and the Institutional Career, will be published very soon by Charles C. Thomas.

Under a special author's option, that allows the author to buy the books at reduced (I believe 3/5th) cost but with no royalty accruing to the author in these instances, I have ordered 61 copies, to be distributed as follows:

Mental Health Medical Policy Committee (one to each member)
Department of Corrections (6)
Department of Administration (2)
Department of Civil Service (1)
Department of Public Welfare (2, for library)
DFW Institutions (2 each for large institutions, 1 each for small ones)

These copies will be bought by us through the use of research funds (reprints account) and distributed free of charge.

Musgate received copy also.
