DISCUSSION: The purpose of this information memorandum is to
provide you with a compilation of the statute to
assist you in implementing the new provisions of
the Act. The Developmental Disabilities
Assistance and Bill of Rights Act of 1990 moves us
beyond the goals of independence, integration, and
productivity. As indicated in the Committee on
Energy and Commerce Report, the Act recognizes the
commitment toward enabling all people with
developmental disabilities, including those with
severe disabilities, to achieve interdependence
and inclusion into society, and recognition of
contributions other than just productivity.
Persons with disabilities are members of a society
in which interdependence and inclusion are
reflective of equality and acceptance, and people
with developmental disabilities have much more to
contribute than only productivity, a term that is
primarily related to work. Such persons share
their talents at home, school, and work, and in
recreation and leisure time.
I am delighted to have this opportunity to work with you to strengthen the national response to the needs of persons with developmental disabilities.

TITLE I—PROGRAMS FOR PERSONS WITH DEVELOPMENTAL DISABILITIES

PART A—GENERAL PROVISIONS

SHORT TITLE

Sec. 100. [42 U.S.C. 6000 note] This title may be cited as the "Developmental Disabilities Assistance and Bill of Rights Act of 1990".

FINDINGS AND PURPOSES

Sec. 101. [42 U.S.C. 6000] (a) The Congress finds that—

(1) in 1990 there are more than three million persons with developmental disabilities in the United States;

(2) persons whose disabilities occur during their developmental period frequently have severe disabilities which are likely to continue indefinitely;

(3) notwithstanding their severe disabilities, these persons have capabilities, competencies, and personal needs and preferences;

(4) family and members of the community can play a central role in enhancing the lives of persons with developmental disabilities, especially when the family is provided with necessary support services;

(5) persons with developmental disabilities and their families often require specialized lifelong assistance to be provided in a coordinated manner by many agencies and others in order to eliminate barriers for such persons and to meet the needs of such persons;

(6) generic service agencies and agencies providing specialized services to persons with disabilities sometimes overlook, inappropriately address the needs of, or exclude persons with developmental disabilities in their planning and delivery of services;

(7) a substantial portion of persons with developmental disabilities remain unserved or underserved;

(8) public and private employers tend to be unaware of the capability of persons with developmental disabilities to be engaged in competitive work in integrated settings; and

(9) it is in the national interest to offer persons with developmental disabilities the opportunity, to the maximum extent feasible, to make decisions for themselves and to live in typical homes and communities where they can exercise their full rights and responsibilities as citizens.

(b) The purposes of this title are—

(1) to provide assistance to States and public and private nonprofit agencies and organizations to assure that all persons with developmental disabilities receive the services and other assistance and opportunities necessary to enable such persons to achieve their maximum potential through increased independence, productivity, and integration into the community;
(2) to enhance the role of the family in assisting persons with developmental disabilities to achieve their maximum potential;
(3) to provide interdisciplinary training and technical assistance to professionals, paraprofessionals, family members, and individuals with developmental disabilities;
(4) to advocate for public policy change and community acceptance of all people with developmental disabilities and their families so that such persons receive the services, supports, and other assistance and opportunities necessary to enable such persons to achieve their maximum potential through increased independence, productivity and integration into the community;
(5) to promote the inclusion of all persons with developmental disabilities, including persons with the most severe disabilities, in community life;
(6) to promote the interdependent activity of all persons with developmental disabilities, including persons with the most severe disabilities;
(7) to recognize the contribution of all persons with developmental disabilities as such persons share their talents at home, school, and work, and in recreation and leisure time; and
(8) to make grants to support a system in each state to protect the legal and human rights of persons with developmental disabilities.

(1) Persons with developmental disabilities have a right to appropriate treatment, services, and habilitation for such disabilities.

(2) The treatment, services and habilitation for a person with developmental disabilities should be designed to maximize the developmental potential of the person and should be provided in the setting that is least restrictive of the person's personal liberty.

(3) The Federal Government and the States both have an obligation to assure that public funds are not provided to any institutional or other residential program for persons with developmental disabilities that-

(A) does not provide treatment, services, and habilitation which is appropriate to the needs of such persons; or

(B) does not meet the following minimum standards:

(i) Provision of a nourishing, well-balanced daily diet to the persons with developmental disabilities being served by the program.

(ii) Provision to such persons of appropriate and sufficient medical and dental services.

(iii) Prohibition of the use of physical restraint on such persons unless absolutely necessary and prohibition of the use of such restraint as a punishment or as a substitute for a habilitation program.

(iv) Prohibition on the excessive use of chemical restraints on such persons and the use of such restraints as punishment or as a substitute for a habilitation program or in quantities that interfere with services, treatment, or habilitation for such persons.

(v) Permission for close relatives of such persons to visit them at reasonable hours without prior notice.

(vi) Compliance with adequate fire and safety standards as may be promulgated by the Secretary.

(4) All programs for persons with developmental disabilities should meet standards which are designed to assure the most favorable possible outcome for those served, and-
(A) in the case of residential programs serving persons in need of comprehensive health-related, habilitative, or rehabilitative services, which are at least equivalent to those standards applicable to intermediate care facilities for the mentally retarded promulgated in regulations of the Secretary on June 3, 1988, as appropriate when taking into account the size of the institutions and the service delivery arrangements of the facilities of the programs;

(B) in the case of other residential programs for persons with developmental disabilities, which assure that care is appropriate to the needs of the persons being served by such programs, assure that the persons admitted to facilities of such programs are persons whose needs can be met through services provided by such facilities, and assure that the facilities under such programs provide for the humane care of the residents of the facilities, are sanitary, and protect their rights; and

(C) in the case of nonresidential programs, which assure the care provided by such programs is appropriate to the persons served by the programs.

The rights of persons with developmental disabilities described in findings made in this section are in addition to any constitutional or other rights otherwise afforded to all persons.

STATE PLANS

Sec. 122. [42 U.S.C. 6022] (a) Any State desiring to take advantage of this part must have a State plan submitted to and approved by the Secretary under this section.

(b) In order to be approved by the Secretary under this section, a State plan must meet the following requirements:

(1) (A) The plan must provide for the establishment of a State Planning Council in accordance with section 124.

(B) The plan must designate the State agency (hereafter in this part referred to as the "designated
State agency") which, on behalf of the State, shall receive, account for, and disburse funds under this part based on the State plan required in section 122, and shall provide required assurances and other administrative support services. Except as provided in subsection (e), the designated State agency may be --

(i) the State Planning Council required under subparagraph (A) if such Council may be the designated State agency under the laws of the State;

(ii) a State agency that does not provide or pay for services made available to persons with developmental disabilities; or

(iii) a State office, including the immediate office of the Governor of the State or a State planning office.

(C) The plan must provide that the State agency designated under subparagraph (B) will keep such records and afford such access thereto as the Secretary or the State Planning Council finds necessary.

(D) The plan must provide for such fiscal control and fund accounting procedures as may be necessary to assure the proper disbursement of and accounting for funds paid to the State under this part.

(2) The plan must -

(A) set out the specific objectives to be achieved under the plan and a listing of the programs, activities, and resources to be used to meet such objectives;

(B) set forth the non-Federal share that will be required in carrying out each such objective and program;

(C) describe (and provide for the review annually and revision of the description not less often than once every three years) (i) the extent and scope of services, supports and other assistance being provided, or to be provided, to persons with developmental disabilities under such other State plans, or policies affecting, federally assisted State programs that the State conducts and in which persons with developmental disabilities are or may be eligible to participate, including programs relating to education, job training, vocational rehabilitation, public assistance, medical assistance, social services, child welfare, maternal and child health, aging, programs for children with special health care needs, housing, transportation, technology, comprehensive health and mental health, and such other programs as the Secretary may specify, (ii) the extent to which such federally assisted State programs develop and pursue interagency initiatives aimed at improving and enhancing services, supports and other assistance, which result in increased independence, productivity, and integration into the community for persons with developmental disabilities,
and (iii) how funds allotted to the State in accordance with section 125 will be used to complement and augment rather than duplicate or replace services for persons with developmental disabilities who are eligible for Federal assistance under such other State programs;

(D) assess, and if appropriate, update the findings of the report conducted pursuant to subsection (f), and report on any progress achieved concerning issues identified in the report conducted pursuant to such subsection in the previous fiscal year;

(E) for each fiscal year, assess and describe the extent and scope of the Federal and State priority areas which are addressed or which will be addressed under the plan in the fiscal year; and

(F) establish a method for the periodic evaluation of the plan's effectiveness in meeting the objectives described in subparagraph (A).

(3) The plan must describe a process and timetable for the completion, by January 1, 1990, by the State Planning Council in the State, of the reviews, analyses, and final report described in subsection (f).

(4) The plan must contain or be supported by assurances satisfactory to the Secretary that-

(A) the funds paid to the State under section 125 will be used to make a significant contribution toward enhancing the independence, productivity, and integration into the community of persons with developmental disabilities through agencies in the various political subdivisions of the State;

(B) part of such funds will be made available by the State to public or nonprofit private entities;

(C) not more than 25 percent of such funds will be allocated to the agency designated under section 122(b)(1)(B) for the provision of services by such agency;

(D) such funds paid to the State under section 125 will be used to supplement and to increase the level of funds that would otherwise be made available for the purposes for which Federal funds are provided and not to supplant such non-Federal funds; and

(E) there will be reasonable State financial participation in the cost of carrying out the State plan.

(5) (A) The plan must provide for the examination, not less often than once every three years, of the provision, and the need for the provision, in the State of the four Federal priority areas and the State priority area. Such examination shall be made consistent with subparagraph (B).

(B) The plan must provide for the review and revision, not less often than once every three years, of the comprehensive State wide plan to ensure the existence of appropriate planning, financial support and coordination, and to otherwise appropriately
address, on a Statewide and comprehensive basis, urgent needs in the State for the provision of services for persons with developmental disabilities and the families of such persons. Such review and revision, and examination under subparagraph (A), shall take into account the reviews and analyses conducted, and the report prepared, under subsection (f), and shall, at a minimum, include-

(i) an analysis of such priority areas in relation to limited support or lack of support for persons with developmental disabilities attributable to either physical impairment, mental impairment, or a combination of physical and mental impairments;

(iv) consideration of the report conducted pursuant to subsection (f);

(v) an analysis of services, assistive technology, or knowledge which may be unavailable to assist persons with developmental disabilities;

(vi) an analysis of existing and projected fiscal resources;

(vii) an analysis of any other issues identified by the State Planning Council; and

(viii) the formulation of objectives in both policy reform and service demonstration to address the issues described in clauses (i) through (v) for all subpopulations of persons with developmental disabilities which may be identified by the State Planning Council.

(C) The plan must be developed after consideration of the data collected by the State education agency under section 618(b)(3) of the Education of the Handicapped Act.

(D) (i) The plan must provide that not less than 65 percent of the amount available to the State under section 125 will be expended for activities in the Federal priority area of employment activities, and, at the discretion of the State, activities in any or all of the three other Federal priority areas and a State priority area, the conduct of the analyses specified in clauses (i) through (v) of subparagraph (B), the implementation of paragraph (3) and subsection (f), and activities which address the implementation of recommendations made in the report described in subsection (f), including
recommendations which address unserved and underserved populations.

(ii) The plan must provide that the remainder of the amount available to the State from allotments under section 125 (after making the expenditures required by clause (i) of this paragraph) shall be used for the planning, coordination, and administration of priority area activities for, and the advocacy for, persons with developmental disabilities.

(E) The plan must provide that special financial and technical assistance shall be given to agencies or entities providing services for persons with developmental disabilities who are residents of geographical areas designated as urban or rural poverty areas.

(6)(A)(i) The plan must provide that programs, and the facilities in which they are operated, under the plan for persons with developmental disabilities will be in accordance with standards prescribed by the Secretary in regulations.

(ii) The plan must provide satisfactory assurances that buildings used in connection with the programs assisted under the plan will meet standards adopted pursuant to the Act of August 12, 1968 (known as the Architectural Barriers Act of 1968).

(B) The plan must provide that services are provided in an individualized manner consistent with the requirements of section 123 (relating to habilitation plans).

(C) The plan must contain or be supported by assurances satisfactory to the Secretary that the human rights of all persons with developmental disabilities (especially those persons without familial protection) who are receiving treatment, services, or habilitation under programs assisted under this part will be protected consistent with section 110 (relating to the rights of the developmentally disabled).

(D) The plan must provide assurances that the State has undertaken affirmative steps to assure that participation in programs under this title of individuals generally representative of the population of the State, with particular attention to the participation of members of minority groups.

(7) (A) The plan must provide for the maximum

-20-
utilization of all available community resources including volunteers serving under the Domestic Volunteer Service Act of 1973 and other appropriate voluntary organizations, except that such volunteer services shall supplement, and shall not be in lieu of, services of paid employees.

(B) The plan must provide for fair and equitable arrangements (as determined by the Secretary after consultation with the Secretary of Labor) to protect the interests of employees affected by actions under the plan to provide community living activities, including arrangements designed to preserve employee rights and benefits and to provide training and retraining of such employees where necessary and arrangements under which maximum efforts will be made to guarantee the employment of such employees.

(8) The plan also must contain such additional information and assurances as the Secretary may find necessary to carry out the provisions and purposes of this part.

(c) The Secretary shall approve any State plan and any modification thereof which complies with the provisions of subsection (b). The Secretary shall not finally disapprove a State plan except after reasonable notice and opportunity for a hearing to the State.

(d)(1) At the request of any State, a portion of any allotment or allotments of such State under this part for any fiscal year shall be available to pay one-half (or such smaller share as the State may request) of the expenditures found necessary by the Secretary for the proper and efficient exercise of the functions of the State designated agency; except that not more than 5 per centum of the total of the allotments of such State for any fiscal year, or $50,000, whichever is less, shall be available for the total expenditures for such purpose by the State agency designated under subsection (b)(1)(B). Payments under this paragraph may be made in advance or by way of reimbursement, and in such installments, as the Secretary may determine. State contributions pursuant to this paragraph may be counted as part of State's non-Federal share of allotments under this part.

(2) Any amount paid under paragraph (1) to any State for any fiscal year shall be paid on condition that there shall be expended from the State sources for such year for administration of the State plan approved under this section not less than the total amount expended for such purposes from such sources during the previous fiscal year.

(e)(1) If a State agency that provides or pays for services for persons with developmental disabilities was a designated State agency for purposes of this part on the date of enactment of the Developmental Disabilities Assistance and Bill of Rights Act Amendments of 1987 and the Governor of the State determines, before June 30, 1988, not to change the designation of such agency, such agency may continue to be a designated State agency for purposes of this part.
(2) The determination of the Governor of a State under paragraph (1) shall be at the discretion of the Governor and shall be made by the Governor after the Governor has considered the comments of the general public and the non-State agency members of the State Planning Council with respect to the designation of such State agency, and after the Governor has made an independent assessment of the impact that the designation of such agency has on the ability of the State Planning Council to serve as an advocate for persons with developmental disabilities.

(3) If the Governor of a State determines not to retain the designation of a State agency in effect on the date of enactment of the Developmental Disabilities Assistance and Bill of Rights Act Amendments of 1987, the Governor shall, by October 1, 1990, designate another agency as the State agency in accordance with the requirements of subsection (b)(1)(B).

(4) After the date of enactment of the Developmental Disabilities Assistance and Bill of Rights Act Amendments of 1987, any designation of a State agency shall be made in accordance with the requirements of subsection (b)(1)(B).

(5) After October 1, 1990, the Planning Council may issue a request for a review of the designation of the designated State agency by the Governor.

(f)(1) Each State Planning Council shall conduct a comprehensive review and analysis of the eligibility for services provided, and the extent, scope, and effectiveness of, services provided and functions performed by, all State agencies (including agencies which provide public assistance) which affect or which potentially affect the ability of persons with developmental disabilities to achieve the goals of independence, productivity, and integration into the community, including persons with developmental disabilities attributable to physical impairment, mental impairment, or a combination of physical and mental impairments.

(2) Each State Planning Council shall conduct a review and analysis of the effectiveness of, and consumer satisfaction with, the functions performed by, and services provided or paid for from Federal and State funds by each of the State agencies (including agencies providing public assistance) responsible for performing functions for, and providing services to, all persons with developmental disabilities in the State. Such review and analysis shall be based upon a survey of a representative sample of persons with developmental disabilities receiving services from each such agency, and if appropriate, shall include their families.

(3) Each State Planning Council shall convene public forums, after the provision of notice within the State, in order to:

(A) present the findings of the reviews and analyses prepared under paragraphs (1) and (2);
(B) obtain comments from all interested persons in the State regarding the unserved and underserved populations of persons with developmental disabilities which result from physical impairment, mental impairment, or a combination of physical and mental impairments; and

(C) obtain comments on any proposed recommendations concerning the removal of barriers to services for persons with developmental disabilities and to connect such services to existing State agencies by recommending the designation of one or more State agencies, as appropriate, to be responsible for the provision and coordination of such services.

(4) Each State Planning Council shall utilize the information developed pursuant to paragraphs (1), (2), and (3) in developing the State plan.

(3) The plan shall contain a statement of the long-term habilitation goals for the person and the intermediate habilitation objectives relating to the attainments of such goals. Such goals should include the increase or support of independence, productivity, and integration into the community for the person. Such objectives shall be stated specifically and in sequence and shall be expressed in behavioral or other terms that provide measurable indices of progress. The plan shall (A) describe how the objectives will be achieved and the barriers that might interfere with the achievement of them, (B) state an objective criteria and an evaluation procedure and schedule for determining whether such objectives and goals are being achieved, and (C) provide for a case manager who will be responsible for coordinating the implementation of the plan.
(4) The plan shall contain a statement (in readily understandable form) of specific habilitation services to be provided, shall identify each agency which will deliver such services, shall describe the personnel (and their qualifications) necessary for the provision of such services, and shall specify the date of the initiation of each service to be provided and the anticipated duration of each such service.

(5) The plan shall specify the role and objectives of all parties to the implementation of the plan.

(2) The Governor of each State shall make appropriate provisions for the rotation of membership on the State Planning Council.

(2) Each State Planning Council shall, consistent with State law, hire a Director of the State Planning Council who shall be supervised and evaluated by the State Planning Council and who shall hire and supervise the staff of the State Planning Council.

(3) The staff and other personnel of a State Planning Council, while working for the State Planning Council, shall be responsible solely for assisting the State Planning Council in carrying out its duties under this part and shall not be assigned duties by the designated State agency or any other agency or office of the State.

STATE ALLOTMENTS

Sec. 125. [42 U.S.C. 6025] (a)(1) For each fiscal year, the Secretary shall, in accordance with regulations and this paragraph, allot the sums appropriated for such year under section 130 among the States on the basis of-
   (A) the population,
   (B) the extent of need for services for persons with developmental disabilities, and
   (C) the financial need,
of the respective States. Sums allotted to the States under this section shall be used in accordance with approved State plans under section 122 for the provision under such plans of services for persons with developmental disabilities.

(2) Adjustments in the amounts of State allotments based on subparagraphs (A), (B), and (C) of paragraph (1) may be made not more often than annually. The Secretary shall notify States of any adjustment made not less than six months before the beginning of the fiscal year in which such adjustment is to take effect.

(3) (A) Except as provided in paragraph (4), for any fiscal year the allotment under paragraph (1)-

(i) to each of American Samoa, Guam, the Virgin Islands, the Commonwealth of the Northern Mariana Islands, the Republic of the Marshall Islands, the Federated States of Micronesia, or the Republic of Palau may not be less than $200,000; and

(ii) to any other State may not be less than the greater of $350,000, or the amount of the allotment (determined without regard to subsection (d)) received by the State for the fiscal year ending September 30, 1990.

(B) Notwithstanding subparagraph (A), if the aggregate of the amounts to be allotted to each State pursuant to subparagraph (A) in any fiscal year exceeds the total amount appropriated under section 130 for such fiscal year, the amount to be allotted to a State for such fiscal year shall be an amount which bears the same ratio to the amount which is to be allotted to the State pursuant to such subparagraph as the total amount appropriated under section 130 for such fiscal years bears to the total of the amount required to be appropriated under such section for allotments to provide each State with the allotment required by such subparagraph.

(4) In any case in which amounts appropriated under section 130 for a fiscal year exceed $65,000,000, the allotment under paragraph (1) for such fiscal year-

(A) to each of American Samoa, Guam, the Virgin Islands, the Commonwealth of the Northern Mariana Islands, the Republic of the Marshall Islands, the Federated States of Micronesia, or the Republic of Palau may not be less than $210,000; and

(B) to each of the several States, Puerto Rico, or the District of Columbia, may not be less than $400,000.

(5) In determining, for purposes of paragraph (1)(B), the extent of need in any State for services for persons with developmental disabilities, the Secretary shall take into account the scope and extent of the services described, pursuant to section 122(b)(2)(C), in the State plan of the State.

(6) In any case in which the total amount appropriated under section 130 for a fiscal year exceeds the total amount appropriated under such section for the preceding fiscal year by a percentage greater than the most recent percentage change in the Consumer Price Index published by the Secretary of Labor under section 100(c)(1) of the Rehabilitation Act of 1973, the Secretary shall increase each of the minimum allotments under paragraphs (3) and (4) by an amount which bears the same ratio to the amount of such minimum allotment (including any increases in such minimum
allotment under this paragraph for prior fiscal years) as the amount which is equal to the difference between:

(A) the total amount appropriated under section 130 for the fiscal year for which the increase in minimum allotment is being made, minus

(B) the total amount appropriated under section 130 for the immediately preceding fiscal year, bears to the total amount appropriated under section 130 for such preceding fiscal year.

(b) Any amount paid to a State for a fiscal year and remaining unobligated at the end of such year shall remain available to such State for the next fiscal year for the purposes for which such amount was paid.

(c) Whenever the State plan approved in accordance with section 122 provides for cooperative or joint effort between States or between or among agencies, public or private, in more than one State, portions of funds allotted to one or more such cooperating States may be combined in accordance with the agreements between the agencies involved.

(d) The amount of an allotment to a State for a fiscal year which the Secretary determines will not be required by the State during the period for which it is available for the purpose for which allotted shall be available for reallocation by the Secretary from time to time, on such date or dates as the Secretary may fix (but not earlier than thirty days after the Secretary has published notice of the intention of the Secretary to make such reallocation in the Federal Register), to other States with respect to which such a determination has not been made, in proportion to the original allotments of such States for such fiscal year, but with such proportionate amount for any of such other States being reduced to the extent it exceeds the sum the Secretary estimates such State needs and will be able to use during such period; and the total of such reductions shall be similarly reallocated among the States whose proportionate amounts were not so reduced. Any amount so reallocated to a State for a fiscal year shall be deemed to be a part of its allotment under subsection (a) for such fiscal year.

PAYMENTS TO THE STATES FOR PLANNING, ADMINISTRATION AND SERVICES

Sec. 126. [42 U.S.C. 6026] From each State's allotments for a fiscal year under section 125, the State shall be paid the Federal share of the expenditures, other than expenditures for construction, incurred during such year under its State plan approved under this part. Such payments shall be made from time to time in advance on the basis of estimates by the Secretary of the sums the State will expend under the State plan, except that such adjustments as may be necessary shall be made on account of previously made underpayments or overpayments under this section.
WITHHOLDING OF PAYMENTS FOR PLANNING, ADMINISTRATION AND SERVICES

Sec. 127. [42 U.S.C. 6027] Whenever the Secretary, after reasonable notice and opportunity for hearing to the State Planning Council and the appropriate State agency designated pursuant to section 122(b)(1) finds that-

(1) there is a failure to comply substantially with any of the provisions required by section 122 to be included in the State plan, particularly sections 122(b)(3) and 122(f); or

(2) there is a failure to comply substantially with any regulations of the Secretary which are applicable to this part, the Secretary shall notify such State Council and agency or agencies that further payments will not be made to the State under section 125 (or, in the discretion of the Secretary, that further payments will not be made to the State under section 125 for activities in which there is such failure), until the Secretary is satisfied that there will no longer be such failure. Until the Secretary is so satisfied, the Secretary shall make no further payment to the State under section 125, or shall limit further payment under section 125 to such State to activities in which there is no such failure.

NONDUPLICATION

Sec. 128. [42 U.S.C. 6028] In determining the amount of any State's Federal share of the expenditures incurred by it under a State plan approved under section 122, there shall be disregarded (1) any portion of such expenditures which are financed by Federal funds provided under any provision of law other than section 125, and (2) the amount of any non-Federal funds required to be expended as a condition of receipt of such Federal funds.

APPEALS BY STATES

Sec. 129. [42 U.S.C. 6029] If any State is dissatisfied with the Secretary's action under section 122(c) or section 127, such State may appeal to the United States court of appeals for the circuit in which such State is located, by filing a petition with such court within sixty days after such action. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Secretary, or any officer designated by the Secretary for that purpose. The Secretary thereupon shall file in the court the record of the proceedings on which the Secretary based the action, as provided in section 2112 of title 28, United States Code. Upon the filing of such petition, the court shall have jurisdiction to affirm the action of the Secretary or to set it aside, in whole or in part, temporarily or permanently, but until the filing of the record, the Secretary may modify or set aside the order of the Secretary. The findings of the Secretary as to the facts, if supported by substantial evidence, shall be conclusive, but the court, for good cause shown may remand the case to the Secretary to take further evidence, and the Secretary
may thereupon make new or modified findings of the fact and may modify the previous action of the Secretary, and shall file in the court the record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence. The judgment of the court affirming or setting aside, in whole or in part, any action of the Secretary shall be final, subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28, United States Code. The commencement of proceedings under this section shall not, unless so specifically ordered by the court, operate as a stay of the Secretary's action.

AUTHORIZATION OF APPROPRIATIONS

Sec. 130. [42 U.S.C. 60030] For allotments under section 125, there are authorized to be appropriated $77,400,000 for fiscal year 1991, and such sums as may be necessary for each of the fiscal years 1992 and 1993.

PART C-PROTECTION AND ADVOCACY OF INDIVIDUAL RIGHTS

(i) the objectives and priorities for the system’s activities for each year, and the rationale for the establishment of such objectives; and

(ii) the coordination with the advocacy programs set out in the Rehabilitation Act of 1973, the Older Americans Act of 1965, and the Protection and Advocacy for the Mentally Ill Act.

(D) establish a grievance procedure for clients or prospective clients of the system to assure that persons with developmental disabilities have full access to services of the system;

(E) not be administered by the State Planning Council;

(F) be independent of any agency which provides treatment, services, or habilitation to persons with developmental disabilities; and

(G) have access to all records of—

(i) any person with developmental disabilities who is a client of the system if such person, or the legal guardian, conservator, or other legal representative of such person, has authorized the system to have such access;

(ii) any person with developmental disabilities—

(I) who, by reason of the mental or physical condition of such person, is unable to authorize the system to have such access;

(II) who does not have a legal guardian, conservator, or other legal representative, or for whom the legal guardian is the State; and

(III) with respect to whom a complaint has been received by the system or with respect to whom as a result of monitoring or other activities there is probable cause to believe that such person has been subject to abuse or neglect; and

(iii) any person with a developmental disability who has a legal guardian, conservator, or, other legal representative with respect to whom a complaint has been received by the system or with respect to whom there is probable cause to believe the health or safety of the individual is in serious and immediate jeopardy whenever—

(I) such representatives have been contacted by such system upon receipt of the name and address of such representatives;

(II) such system has offered assistance to such representatives to resolve the situation; and

(III) such representatives have failed or refused to act on behalf of the person.
(3) the State must provide assurances to the Secretary that funds allotted to the State under this section will be used to supplement and increase the level of funds that would otherwise be made available for the purposes for which Federal funds are provided and not to supplant such non-Federal funds;

(4) the State must provide assurances to the Secretary that such system will be provided with a copy of each annual survey report and plan of corrections for cited deficiencies made pursuant to section 1902(a)(31)(B) of the Social Security Act with respect to any intermediate care facility for the mentally retarded in the State within 30 days after the completion of each such report or plan; and

(5) the State must provide assurances satisfactory to the Secretary that the agency implementing the system will not be redesignated unless there is good cause for the redesignation and unless--

(A) notice has been given of the intention to make such redesignation to the agency that is serving as the system including the good cause for such redesignation and the agency has been given an opportunity to respond to the assertion that good cause has been shown;

(B) timely notice and opportunity for public comment in an accessible format has been given to persons with developmental disabilities or their representatives; and

(C) the system has the opportunity to appeal to the Secretary that the redesignation was not for good cause.

(b)(1) To assist States in meeting the requirements of subsection (a), the Secretary shall allot to the States the amounts appropriated under section 143. Allotments and reallocations of such sums shall be made on the same basis as the allotments and reallocations are made under the first sentence of subsection (a)(1) and subsection (d) of section 125, except that in any case in which--

(A) the total amount appropriated under section 143 for a fiscal year is at least $20,000,000--

(i) the allotment of each of American Samoa, Guam, the Virgin Islands, the Commonwealth of the Northern Mariana Islands, and the Trust Territory of the Pacific Islands for such fiscal year shall not be less than $107,000; and

(ii) the allotment to each of the several States, Puerto Rico, and the District of Columbia for such fiscal year shall not be less than $200,000; or

(B) the total amount appropriated under section 143 for fiscal year is less than $20,000,000, the allotment to each State (other than Guam, the Commonwealth of the Northern Mariana Islands, American Samoa, the Virgin Islands, and the Trust Territory of the Pacific Islands) shall not be less than $750,000, and the allotment of each of American Samoa, Guam, the Virgin Islands, the Commonwealth of the Northern Mariana Islands, and the Trust Territory of the Pacific Islands for such fiscal year shall not be less than $80,000.
In any case in which the total amount appropriated under section 143 for a fiscal year exceeds the total amount appropriated under such section for the preceding fiscal year by a percentage greater than the most recent percentage change in the Consumer Price Index published by the Secretary of Labor under section 100(c)(1) of the Rehabilitation Act of 1973, the Secretary shall increase each of the minimum allotments under subparagraphs (A) and (B) of paragraph (1) by an amount which bears the same ratio to the amount of such minimum allotment (including any increases in such minimum allotment under this paragraph for prior fiscal years) as the amount which is equal to the difference between-

(A) the total amount appropriated under section 143 for the fiscal year for which the increase in minimum allotment is being made, minus

(B) the total amount appropriated under section 143 for the immediately preceding fiscal year, bears to the total amount appropriated under section 143 for such preceding fiscal year.

(3) A State may use not more than 5 percent of any allotment under this subsection for the costs of monitoring the administration of the system required under subsection (a).

(4) Notwithstanding paragraph (1), if the aggregate of the amounts of the allotments to be made in accordance with such paragraph for any fiscal year exceeds the total of the amounts appropriated for such allotments under section 143, the amount of a State's allotment for such fiscal year shall bear the same ratio to the amount otherwise determined under such paragraph as the total of the amounts appropriated for that year under section 143 bears to the aggregate amount required to make an allotment to each of the States in accordance with paragraph (1).

(c) Any amount paid to a State for a fiscal year and remaining unobligated at the end of such year shall remain available to such State for the next fiscal year for the purposes for which such amount was paid.

(d) In States in which the system is organized as a private nonprofit entity with a multimember governing board, or a public system with a multimember governing board, such governing board shall be selected according to the policies and procedures of the system, except that--

(1) the governing board shall be composed of members who broadly represent or are knowledgeable about the needs of the individuals served by the system;

(2) not more than 1/3 of the membership of the governing board may be appointed by the chief executive officer of the State involved, in the case of any State in which such officer has the authority to appoint the membership of the board; and

(3) any vacancy in the board shall be filled not later than 60 days after the date on which the vacancy occurs.

(e) As used in this section the term "records" includes reports prepared or received by any staff of a facility rendering care or treatment, or reports prepared by an agency or staff person charged with investigating reports of incidents of abuse or neglect, injury
or death occurring at such facility that describes incidents of abuse, neglect, injury, or death occurring at such facility and the steps taken to investigate such incidents, and discharge planning records.

(f) If the laws of a State prohibit a system from obtaining access to records of persons with developmental disabilities the provisions of subparagraph (A) of paragraph (2) of subsection (a) shall not apply to such system before—

(1) the date such system is no longer subject to such prohibition; or

(2) the expiration of the 1-year period beginning on the date of enactment of this Act, whichever occurs first.

(g)(1) Nothing in this Act shall preclude the systems described under this section from bringing a suit on behalf of persons with developmental disabilities against a State, or agencies, or instrumentalities of a State.

(2) Amounts received pursuant to paragraph (1) through court judgments and used by the system are limited to furthering the purpose of this part and shall not be used to augment payments to legal contractors or to award personal bonuses.

(h) Notwithstanding any other provision of law, the Secretary shall pay directly to any system which complies with the provisions of this section the amount of such system’s allotment under this section, unless the system delegates otherwise.

AUTHORIZED OF APPROPRIATIONS

Sec. 143. [42 U.S.C. 6043] For allotments under section 142, there are authorized to be appropriated $24,200,000 for fiscal year 1991, and such sums as may be necessary for each of the fiscal years 1992 and 1993.

(B)(i) Grants awarded under this subsection shall be in the amount of $90,000.

(ii) The Secretary may waive the provisions of clause (i) and award grants under this subsection in an amount which does not exceed $150,000, if the Secretary determines that such grants are of such sufficient scope and quality so as to address issues of national significance as identified in the report conducted pursuant to section 122(f).

(iii) If an appropriately convened peer review panel determines that applications submitted by university affiliated programs for training programs under this part in any fiscal year insufficiently address quality criteria established under subparagraph (D), the Secretary shall, pursuant to regulations issued under this Act, award any amounts available for carrying out the purposes of this section to other university affiliated programs which the Secretary determines will use the funds in accordance with subsection (b)(1)(B)(ii). The Secretary may make such awards for a period not to exceed 3 years to applicants whose applications are determined to be of minimal quality by peer review, notwithstanding the provisions of (b)(1)(B)(i).

(C) Grants under this section shall be awarded on a competitive basis. Grants awarded under this section shall be awarded for a period of 3 years.

(D) The Secretary shall require appropriate technical and qualitative peer review of applications for assistance under this subsection by peer review groups as established under section 153(e)(4) using the following criteria:

(i) The university affiliated program shall present evidence that core training assisted by funds awarded under this section is--

(I) competency and value based;

(II) designed to facilitate independence, productivity and integration for persons with developmental disabilities; and

(III) evaluated utilizing state of the art evaluation techniques in the programmatic areas selected.

(ii) Core training shall--

(I) represent state-of-the-art techniques in areas of critical shortage of personnel which are identified through consultation with the citizens advisory group designated pursuant to subsection (f) and the State Planning Council;
(II) be conducted in consultation with the citizens advisory group designated under subsection (f) and the State developmental disabilities planning council;

(III) be integrated into the appropriate university affiliated program and university curriculum;

(IV) be integrated with relevant State agencies in order to achieve an impact on statewide personnel and service needs;

(V) to the extent practicable, be conducted in environments where services are actually delivered; and

(VI) to the extent possible, be interdisciplinary in nature.

(E) (i) Grants awarded under this subsection shall not be used for administrative expenses.

(ii) Grants awarded under this subsection shall not be used to carry out the provisions of subsection (a).

(F) Grants under this subsection may be used by university affiliated programs to (i) assist in paying the costs of courses of training or study for personnel to provide services for persons with developmental disabilities and (ii) establish fellowships or traineeships providing such stipends and allowances as may be determined by the Secretary.

(2) Grants under this subsection for training projects with respect to early intervention programs shall be for the purpose of assisting university affiliated programs in providing training to allied health personnel and other personnel who provide, or who will provide, interdisciplinary intervention to infants, toddlers, and preschool age children with developmental disabilities. Such training projects shall include instruction on methods of working and collaborating with professionals and families of persons with developmental disabilities.

(3) Grants under this subsection for training projects with respect to programs for elderly persons with developmental disabilities shall be for the purpose of supporting the planning, design, and implementation of coordinated interdisciplinary training programs between existing aging or gerontological programs and university affiliated programs in order to prepare professional staff to provide services for elderly persons with developmental disabilities.

(4) Grants under this subsection for training projects with respect to community-based programs shall be for the purpose of providing interdisciplinary training to personnel who will provide direct supports and services for persons with developmental disabilities, including paraprofessionals who are employed or are preparing to be employed in community-based day programs or residential programs for persons with developmental disabilities. The Secretary shall ensure that all grants under this paragraph are made only to university affiliated programs that involve local community-level direct care programs and paraprofessional training programs in the preparation of the application for such grant and shall assure that any training under the university affiliated program will be coordinated with local programs.
(5) Grants awarded under this subsection for training projects with respect to positive behavior management intervention programs shall be for the purpose of assisting university affiliated programs in providing training to families, foster parents, paraprofessionals, other appropriate community-based staff, and institutional staff, including health care staff and behavioral specialists, who provide or will provide, positive behavior management interventions for persons with developmental disabilities. Such training interventions shall include—

(A) ethical principles and standards;

(B) appropriate assessment of the origin of behavior problems including antecedent behaviors, the environment, medical problems (including seizure disorders), other neurological problems, or medication side effects;

(C) the development of a positive behavior management plan;

(D) the use of positive reinforcements appropriate to the developmental level of the person;

(E) the use of emergency procedures; and

(F) the administration of appropriate psychotropic drugs including drugs which the person may be taking for other conditions such as seizure disorders.

(6) Grants under this subsection for training projects with respect to assistive technology programs shall be for the purpose of assisting university affiliated programs in providing training to allied health personnel and other personnel who provide or will provide, assistive technology services to persons with developmental disabilities. Such projects may provide training and technical assistance to improve the quality of service delivery in community-based, nonprofit consumer and provider service programs for persons with developmental disabilities and may include stipends and tuition assistance from such organizations. Such projects shall be coordinated with State technology coordinating councils wherever such councils exist.

(7) Grants under this subsection for training projects with respect to programs in other areas of national significance shall be for the purpose of training personnel in an area of special concern to the university affiliated program, and shall be developed in consultation with the State Planning Council.

(c) From amounts appropriated under section 154(b), the Secretary may make grants to university affiliated programs receiving grants under subsection (a) to support one or more of the following activities:

(1) The provision of service-related training to persons with developmental disabilities, family members of such persons, professionals, volunteers, or other personnel to enable such persons, family members, professionals, volunteers, or personnel to provide services to increase or maintain the independence, productivity, and integration into the community of persons with developmental disabilities.

(2) The conduct of an applied research program designed to produce more efficient and effective methods for (A) the delivery of services to persons with developmental disabilities, and (B) the training of professionals; paraprofessionals, and parents who provide such services.
(d) From amounts appropriated under section 154(a), the Secretary may make grants to pay part of the costs of establishing satellite centers and may make grants to satellite centers to pay part of their administration and operation costs. A satellite center which receives a grant under this section may engage in the activities described in subparagraph (A), (B), or (C) of section 102(18) and may compete for grants under subsections (b) and (c).

(e) From amounts appropriated under section 154(a), the Secretary may make a grant to a university or a public or nonprofit entity which is associated with, or is an integral part of, a college or university, to study the feasibility of establishing a university affiliated program or a satellite center. Such study shall include an assessment of the needs of the area in which the university is located for such a program or center. The amount of a grant under this subsection may not exceed $35,000 for any fiscal year. A grant under this subsection may only be made in a State in which there is no university affiliated program or satellite center.

(f) The Secretary shall only make grants under this section to university affiliated programs which establish a consumer advisory committee comprised of consumers, family members, representatives of State protection and advocacy systems, developmental disabilities councils (including State service agency directors), local agencies, and private nonprofit groups concerned with providing services for persons with developmental disabilities.

(g) A university affiliated program shall not be eligible to receive funds for training projects pursuant to this section unless--

(1) such program has operated for at least 1 year; or

(2) the Secretary determines that such project has demonstrated the capacity to develop an effective training program during the first year such program is operated.

APPLICATIONS

Sec. 153. [42 U.S.C. 6063] (a) Not later than six months after the date of the enactment of the Developmental Disabilities Act of 1984, the Secretary shall establish by regulation standards for university affiliated programs. Such standards shall reflect the special needs of all persons with developmental disabilities who are of various ages, and shall include performance standards relating to each of the activities described in section 102(18).

(b) No grants may be made under section 152(a) unless an application therefor is submitted to, and approved by, the Secretary. Such an application shall be submitted in such form and manner, and contain such information, as the Secretary may require. Such an application shall be approved by the Secretary only if the application contains or is supported by reasonable assurances that-

(1) the making of the grant will (A) not result in any decrease in the use of State, local, and other non-Federal funds for services for persons with developmental disabilities and for training of persons to provide such services, which funds would (except for such grant) be made available to the applicant, and (B) be used to suplement and, to the extent practicable increase the level of such funds;
(2) (A) the applicant's facility is in full compliance with the standards established under subsection (a), or (B)(i) the applicant will make substantial progress toward bringing the program into compliance with such standards, and (ii) the program will, not later than three years after the date of approval of the initial application or the date standards are promulgated under subsection (a), whichever is later, fully comply with such standards;

(3) the human rights of all persons with developmental disabilities (especially those persons without familial protection) who are receiving treatment, services, or habilitation under programs assisted under this part will be protected consistent with section 110 (relating to rights of the developmentally disabled);

(4) the activities conducted under this part are consistent with, and to the extent feasible, complement and further, the objectives contained in the State plan required under section 122; and

(5) before the submission of such application, an opportunity for comment has been provided to the general public and the State Planning Council of the State in which the program will be conducted or the satellite center is or will be located.

(c) The Secretary shall establish such a process for the review of applications for grants under section 152(a) as will ensure, to the maximum extent feasible, that each Federal agency that provides funds for the direct support of the applicant's program reviews the application.

(d)(1) If the total amount appropriated under section 154(a) for a fiscal year is at least $8,500,000 the amount of any grant under section 152(a) to a university affiliated program shall not be less than $200,000 for such fiscal year and the amount of any grant under section 152(c) to a satellite center shall not be less than $150,000 for such fiscal year.

(2) If the total amount appropriated under section 154(a) is less than $8,500,000, the amount of any grant under section 152(a) to a university affiliated program shall not be less than $150,000 for such fiscal year and the amount of any grant under section 152(c) to a satellite center shall not be less than $75,000 for such fiscal year.

(3) (A) For purposes of making grants under section 152(a), the Secretary shall consider applications for grants for four university affiliated program or satellite centers for each of the fiscal years 1991, 1992, and 1993 which are in addition to the total number of university affiliated programs and satellite centers receiving grants under such section for the preceding fiscal year. The Secretary shall solicit and may approve applications pursuant to this paragraph which encompass multiple universities within the same State university system or two or more universities which are otherwise unrelated.

(B) Such programs and centers shall, to the extent feasible, be geographically distributed for the purpose of serving States that are unserved by university affiliated programs and satellite centers under this part on the date of enactment of the Developmental Disabilities Assistance and
Bill of Rights Act Amendments of 1990. If an insufficient number of quality applications, as determined by a peer review process, from such unserved States have not been received in any fiscal year, the Secretary may consider applications for such fiscal year from States that are served by a university affiliated program or satellite center which is not able to serve particular geographic regions of the State, only if such applications demonstrate a need for additional training within the State and an exemplary service capacity to serve individuals within the State.

(C) The Secretary may not deny an application for a university affiliated program or satellite center solely because of the size of the population proposed to be served by the program or center, if such application proposes to serve the population of an entire State.

(e)(1) The Secretary shall require appropriate technical and qualitative peer review of applications for assistance under this part by peer review groups established under paragraph (4), including on-site visits or inspections as necessary. Such peer review shall be coordinated, as appropriate, with the peer review described in section 152(b)(1)(D).

(2) Regulations promulgated under paragraph (1) shall provide that the review of the application required by such paragraph shall be conducted by groups established under paragraph (4) that are composed of non-Federal individuals who, by experience or training, are highly qualified to assess the comparative quality of applications for assistance.

(3)(A) The Secretary may approve an application under this part only if such application has been recommended by a peer review group that has conducted the peer review required under paragraph (1).

(B) This paragraph shall apply to the approval of grant applications received for fiscal year 1990 and succeeding fiscal years.

(4) The Secretary, acting through the Commissioner of the Administration on Developmental Disabilities, may, notwithstanding-

(A) the provisions of title 5, United States Code, concerning appointments to the competitive service;

(B) the provisions of chapter 51, and subchapter III of chapter 53 of title 5, United States Code, concerning classification and General Schedule pay rates; establish such peer review groups as are necessary to carry out this subsection, and appoint and set the rates of pay for members of such groups.

(5) The Secretary may waive the provisions of paragraph (3) concerning approval of an application if the Secretary determines that exceptional circumstances warrant such a waiver.

AUTHORIZATION OF APPROPRIATIONS

Sec. 154. [42 U.S.C. 6064] (a) For the purpose of grants under subsections (a), (d), and (e) of section 152, there are authorized to be appropriated $11,000,000 for fiscal year 1991, and such sums as may be necessary for each of the fiscal years 1992 and 1993.
(b) For the purpose of grants under sections 152(b) and 152(c), there are authorized to be appropriated $5,500,000 for fiscal year 1991, and such sums as may be necessary for each of the fiscal years 1992 and 1993.

(c) The Secretary may use funds appropriated under subsection (a) for the purposes described in subsection (b).

PART E - PROJECTS OF NATIONAL SIGNIFICANCE

PURPOSE

Sec. 161. [42 U.S.C. 6081] The purpose of this part is to provide for grants for and contracts for projects of national significance to increase and support the independence, productivity, and integration into the community of persons with developmental disabilities and to support the development of national and State policy which enhances the independence, productivity and integration of persons with developmental disabilities through data collection and analysis, technical assistance to program components, technical assistance for the development of information and referral systems, educating policymakers, Federal interagency initiatives, and the enhancement of minority participation in public and private sector initiatives in developmental disabilities.

GRANT AUTHORITY

Sec. 162. [42 U.S.C. 6082] (a) The Secretary may make grants to and enter into contracts with public or non-profit private entities for-

1. projects of national significance relating to persons with developmental disabilities, including projects to educate policymakers, develop an ongoing data collection system, determine the feasibility and desirability of developing a nationwide information and referral system, improve supportive living and quality of life opportunities which enhance recreation, leisure and fitness, and pursue Federal interagency initiatives, and other projects of sufficient size and scope and which hold promise of expanding or otherwise improving opportunities for persons with developmental disabilities (especially those who are multihandicapped or disadvantaged, including minority groups, Native Americans, Native Hawaiians, and other underserved groups); and

2. technical assistance projects and demonstration projects (including research, training, and evaluation in connection with such projects) which expand or improve the functions of the State Planning Council, the functions performed by university affiliated programs and satellite centers under part D, and protection and advocacy system described in section 142.
(b) No grant may be made under subsection (a) unless an application therefor has been submitted to, and approved by, the Secretary. Such application shall be in such form, submitted in such manner, and contain such information as the Secretary shall by regulation prescribe. The Secretary may not approve such an application unless each State in which the applicant's project will be conducted has a State plan approved under section 122, and unless the application provides assurances that the human rights of all persons with developmental disabilities (especially those persons without familial protection) who are receiving treatment, services, or habilitation under projects assisted under this part will be protected consistent with section 110 (relating to the rights of the developmentally disabled). The Secretary shall provide to the State Planning Council in such State an opportunity to review the application for such project and to submit its comments on the application.

(c) Not later than January 1 of each year, the Secretary shall publish in the Federal Register proposed priorities for grants and contracts under this part and shall allow a period of 60 days for public comments and suggestions concerning such proposed priorities. After analyzing and considering such comments, the Secretary shall publish final priorities for such grants and contracts in the Federal Register.

(d) Payments under grants under subsection (a) may be made in advance or by way of reimbursement and at such intervals and on such conditions, as the Secretary finds necessary. The amount of any grant under subsection (a) shall be determined by the Secretary.

AUTHORIZATION OF APPROPRIATIONS

Sec. 163. [42 U.S.C. 6083] (a) In General.—To carry out this part, there are authorized to be appropriated $3,650,000 for fiscal year 1991, and such sums as may be necessary for each of the fiscal years 1992 and 1993.

(b) Limitation.—At least 8 percent, but not less than $300,000 of the funds appropriated pursuant to the authority of subsection (a) shall be used to carry out the provisions of section 162(a)(2).
