(b) grants to assist public or nonprofit private agencies in the construction of facilities for the provision of services to persons with developmental disabilities, including facilities for any of the purposes stated in this section;

AUTHORIZATION OF APPROPRIATIONS

SEC. 131. In order to make the grants to carry out the purposes of section 130, there are authorized to be appropriated $60,000,000 for the fiscal year ending June 30, 1971, $105,000,000 for the fiscal year ending June 30, 1972, and $130,000,000 for the fiscal year ending June 30, 1973.

15 Sec. 127 added by sec. 206 of P.L. 91-517.
16 Part C amended by see. 101 (b) of P.L. 91-517.
SEC. 132(a) (1) From the sums appropriated to carry out the purposes of section 130 for each fiscal year, other than amounts reserved by the Secretary for projects under subsection (e), the several States shall be entitled to allotments determined, in accordance with regulations, on the basis of (A) the population, (B) the extent of need for services and facilities for persons with developmental disabilities, and (C) the financial need, of the respective States; except that the allotment of any State (other than the Virgin Islands, American Samoa, Guam, and the Trust Territory of the Pacific Islands) for any such fiscal year shall not be less than $100,000 plus, if such fiscal year is later than the fiscal year ending June 30, 1971, and if the sums so appropriated for such fiscal year exceed the amount authorized to be appropriated to carry out such purposes for the fiscal year ending June 30, 1971, an amount which bears the same ratio to $100,000 as the difference between the amount so appropriated and the amount authorized to be appropriated for the fiscal year ending June 30, 1971, bears to the amount authorized to be appropriated for the fiscal year ending June 30, 1971.

(2) In determining, for purposes of paragraph (1), the extent of need in any State for services and facilities for persons with developmental disabilities, the Secretary shall take into account the scope and extent of the services specified, pursuant to section 134(b) (5), in the State plan of such State approved under this part.

(3) Sums allotted to a State for a fiscal year and designated by it for construction and remaining unobligated at the end of such year shall remain available to such State for such purpose for the next fiscal year (and for such year only), in addition to the sums allotted to such State for such next fiscal year: Provided, That if the maximum amount which may be specified pursuant to section 134(b) (15) for a year plus any part of the amount so specified pursuant thereto for the preceding fiscal year and remaining unobligated at the end thereof is not sufficient to pay the Federal share of the cost of construction of a specific facility included in the construction program of the State developed pursuant to section 131(b) (13), the amount specified pursuant to such section for such preceding year shall remain available for a second additional year for the purpose of paying the Federal share of the cost of construction of such facility.

(b) Whenever the State plan approved in accordance with section 134 provides for participation of more than one State agency in administering or supervising the administration of designated portions of the State plan, the State may apportion its allotment among such agencies in a manner which, to the satisfaction of the Secretary,
is reasonably related to the responsibilities assigned to such agencies in carrying out the purposes of this part. Funds so apportioned to State agencies may be combined with other State or Federal funds authorized to be spent for other purposes, provided the purposes of this part will receive proportionate benefit from the combination.

(c) Whenever the State plan approved in accordance with section 134 provides for cooperative or joint effort between States or between or among agencies, public or private, in more than one State, portions of funds allotted to one or more such cooperating States may be combined in accordance with the agreements between the agencies involved.

(d) The amount of an allotment to a State for a fiscal year which the Secretary determines will not be required by the State during the period for which it is available for the purpose for which allotted shall be available for reallocation by the Secretary from time to time, on such date or dates as he may fix, to other States with respect to which such a determination has not been made, in proportion to the original allotments of such States for such fiscal year, but with such proportionate amount for any of such other States being reduced to the extent it exceeds the sum the Secretary estimates such State needs and will be able to use during such period; and the total of such reductions shall be similarly reallocated among the States whose proportionate amounts were not so reduced. Any amount so reallocated to a State for a fiscal year shall be deemed to be a part of its allotment under subsection (a) for such fiscal year.

(e) Of the sums appropriated pursuant to section 181, such amount as the Secretary may determine, but not more than 10 per centum thereof, shall be available for grants by the Secretary to public or nonprofit private agencies to pay up to 10 per centum of the cost of projects for carrying out the purposes of section 130 which in his judgment are of special national significance because they will assist in meeting the needs of the disadvantaged with developmental disabilities, or will demonstrate new or improved techniques for provision of services for such persons, or are otherwise specially significant for carrying out the purposes of this title.

(15) specify the per centum of the State's allotment (under section 132) for any year which is to be devoted to construction of facilities, which per centum shall be not more than 50 per centum of the State's allotment or such lesser per centum as the Secretary may from time to time prescribe;

the Secretary shall notify such State, council and agency or agencies that further payments will not be made to the State under this part (or, in his discretion, that further payments will not be made to the State under this part
for activities in which there is such failure), until he is satisfied that there will no longer be such failure. Until he is so satisfied, the Secretary shall make no further payment to the State under this part, or shall limit further payment under this part to such State to activities in which there is no such failure.

REGULATION'S

SEC. 139. The Secretary, as soon as practicable, by general regulations applicable uniformly to all the States, shall prescribe—

(b) In determining the amount of any State's Federal share of expenditures for planning, administration, and services incurred by it under a State plan approved under this part, there shall be disregarded (1) any portion of such expenditures which are financed by Federal funds provided under any provision of law other than this part, and (2) the amount of any non-Federal funds required to be expended as a condition of receipt of such Federal funds.
PART D. GRANTS FOR THE COST OF PROFESSIONAL AND TECHNICAL PERSONNEL OF COMMUNITY MENTAL RETARDATION FACILITIES

AUTHORIZATION OF GRANTS

SEC. 141. (a) For the purpose of assisting in the establishment and initial operation of facilities for the mentally retarded providing all or part of a program of comprehensive services for the mentally retarded principally designed to serve the needs of the particular community or communities in or near which the facility is situated, the Secretary may, in accordance with the provisions of this part, make grants to meet, for the temporary periods specified in this section, a portion of the costs (determined pursuant to regulations under section 14-1) of compensation of professional and technical personnel for the initial operation of new facilities for the mentally retarded or of new services in facilities for the mentally retarded.

(1) Grants for such costs for any facility for the mentally retarded under this part may be made only for the period beginning with the first day of the first month for which such a grant is made and ending with the close of four years and three months after such first day; and such grants with respect to any such facility may not exceed 75 per centum of such costs for the period ending with the close of the fifteenth month following such first day, 50 per centum of such costs for the first year thereafter, 45 per centum of such costs for the second year thereafter, and 30 per centum of such costs for the third year thereafter.

by the facility with respect to which such application is made;
(3) the Secretary determines that there is satisfactory assurance that Federal funds made available under this part for any period will be so used as to supplement and, to the extent practical, increase the level of State, local, and other non-Federal funds for mental retardation services that would in the absence of such Federal funds be made available for (for under) the program described in paragraph (2) of this subsection, and will in no event supplant such State, local, and other non-Federal funds; and
(4) in the case of an applicant, in a State which has in existence a State plan relating to the provision of services for the mentally retarded, the services to be provided by the facility are consistent with the plan.
(b) No grant may be made under this part after June 30, 1972, with respect to any facility for the mentally retarded or with respect to any type of service provided by such a facility unless a grant with respect thereto was made under this part prior to July 1, 1970.

PAYMENTS

SEC. 113. Payment of grants under this part may be made (after necessary adjustment on account of previously made overpayments or underpayments) in advance or by way of reimbursement, and on such terms and conditions and in such installments, as the Secretary may determine.

REGULATIONS

SEC 144. The Secretary shall prescribe general regulations concerning the eligibility of facilities under this part, determination of eligible costs with respect to which grants may be made, and the terms and conditions (including those specified in section 142) for approving applications under this part.

For the fiscal year ending June 30, 1969, and each of the next five years, there are authorized to be appropriated such sums as may be necessary to make grants to such facilities which have previously received a grant under this part and are eligible for such a grant for the year for which sums are being appropriated under this sentence.

JUDICIAL

u.s.c. 2094 SEC. 404. If the Secretary refuses to approve any application for a project, submitted under section 135 or 205, the State agency through which such application was submitted, or if any State is dissatisfied with his action under section 134(e) or 204(b) or section 136 or 206, such State, may appeal to the United States court of appeals for the circuit in which such State is located, by filing a petition with such court within 60 days after such action. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Secretary, or any officer designated by him for that purpose. The Secretary thereupon shall file in the court the record of the proceedings on which he based his action, as provided in section 2112 of title 28, United States Code. Upon the filing of such petition, the court shall have jurisdiction to affirm the action of the Secretary or to set it aside, in whole or in part, temporarily or permanently, but until the filing of the record, the Secretary may modify or set aside his order. The findings of the Secretary as to the facts, if supported by substantial evidence, shall be conclusive, but the court, for good cause shown, may remand the case to the Secretary to take further evidence, and the Secretary may thereupon make new or modified findings of fact and may modify his previous action, and shall file in the court, the record of the further proceedings. Such new or modified findings of fact, shall likewise be conclusive if supported by substantial evidence. The judgment of the court affirming or setting aside, in whole or in part, any action of the Secretary shall be final, subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28, United States Code. The commencement of proceedings under this section shall not, unless so specifically ordered by the court, operate as a stay of the Secretary's action.

(1) be sold or transferred to any person, agency, or organization (A) which is not qualified to file an application under section 135 or 205, or (B) which is not approved as a transferee by the State agency designated pursuant to section 134 (in the case of a facility for the mentally retarded or persons with other developmental disabilities) or section 204 (in case of a community mental health center), or its successor; or

(2) cease to be a public or other nonprofit facility for the mentally retarded or persons with other developmental disabilities or community mental health center, as the case may be, unless the Secretary determines, in accordance with regulations, that there is good cause for releasing the applicant or other owner from the obligation to continue such facility as a public or other nonprofit facility for the mentally retarded or persons with other developmental disabilities or such center as a community mental health center.

the United States shall be entitled to recover from either the transferor or the transferee (or, in the case of a facility or center which has ceased to be public or other nonprofit facility for the mentally retarded or persons with other developmental disabilities or community mental health center, from the owners thereof) an amount bearing the same ratio to the then value (as determined by the agreement of the parties or by action brought in the district court of the United States for the district in which the center is situated) of so much of such facility or center as constituted an approved project or projects, as the amount of the Federal participation bore to the cost of the construction of such project or projects. Such right of recovery shall not constitute a lien upon such facility or center prior to judgment.

STATE CONTROL OF OPERATIONS

SEC. 406. Except as otherwise specifically provided, nothing in this Act shall be construed as conferring on any Federal officer or employee the right to exercise any supervision or control over the administration, personnel, maintenance, or operation of any facility for the mentally retarded or persons with other developmental disabilities or community mental health center with respect to which any funds have been or may be expended under this Act.

(b) The Secretary and the Comptroller General of the United States, or any of their duly authorized representatives, shall have access for the purpose of audit and examination to any books, documents, papers, and records of the recipients that are pertinent to the assistance received under this Act.

DETERMINATION OF POVERTY AREA

SEC. 410. For purposes of any determination by the Secretary under this Act as to whether any urban or rural area is a poverty area, any such area which would not otherwise be determined to be a poverty area shall, nevertheless, be deemed to be a poverty area if—
